*The Nathaniel  
Holmes Weaver  
Family*

*Chrissie Tressa Long (Weaver)*

*13 January 1900 - 13 December 1983.*

*A personal history written by her own hand.*

*I Chrissie Tressa Long Weaver was born Saturday  
13 January 1900, at Bloomington, Bear Lake,  
county, Idaho. A midwife at home delivered me.  
Before we moved to grandma house.*

*I was boen the year my grandmother Long passed  
away. My family was to move into her house which we  
inherited.*

*Mary and John*

*Emanuel and Betsy*

*My father's name was John William Long born in Ogden, Weber, Utah. 15 Oct. 1862. He is the son of Emanuel Long who came from England as a young man. He met and married an English Lady Elizabeth (Betsy) Hart Holmes Long. . In Ogden, Utah. Betsy had two little girls from a previous marriage.*

*My mother's name was Mary Christensen she was born in Bloomington, Bear Lake, Idaho 5 May 1867 She was raised there and she lived next door to the Long family. Her parents were of Danish German decent and her parent came to America as young adults.*

*Jacob Christensen      Mary Theressa Myer*

*(Here is an interesting note in some of the research done this note came to our attention that why the Myers were in Denmark was Mary Longs grandfather was an agriculturist and was the keeper of the palace garden. Peggy Solomon, a granddaughter of Pearl Long Brian, gave me this information). Myers is of German origin.*

*I was the eighth child in a family of Eleven children,  
 Mary Estella Long Anderson, Clara Elizabeth Long Thatcher, Leah Pearl Long  
 Brian, Alice Seville Long Parker, John Royal Long, Martha Delpha Long  
 Tonks, Bessie Lovina Long, Chrissie Tressa Long Weaver, Sarah Ellen Long Clark,  
 Ruby Fern Long Farnesworth, and Glen Christensen Long.*

*Martha, Clara, Royal, Pearl, Seville  
 Middle: Mary w Ruby, John w Glen, Estella  
 Ellen Chrissie  
 Taken in Rexburg, Idaho 1907. Glen was born in 1909.*

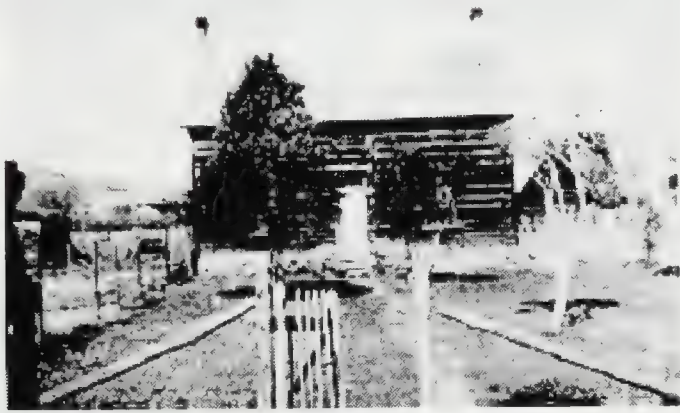

*Chrissie 4 yrs. and Ellen 6 mon.*

*My early childhood was spent in Bloomington The new century had been ushered in just a few days before. My Dad told me it was so full of promise. It was in the dead of winter. I was given the name Chrissie after my Dad's sister Aunt Chrissie Tyfus. I began by spelling my name without the H. Until I saw for*

*myself in dad's family Bible with his people and Dad said that Chrissie was the correct way so I chanced it. I recall about my hometown and birthplace.*

*Bloomington was nestled in the beautiful Bear Lake Valley with its pristine hills and the Lake. With many towns growing all around. Our first home was on the ranch we called it was a neat little frame cottage with 2 stories and 5 or 6 rooms by the time I was born.*

*Our first home like this*

*We had to take the buggy or the wagon to town they called it the white top and it was family size with fringe and isenglass pull downs for the rain. Usually a Bob Sleigh for the winter. My father inherited his parent's property in the town of Bloomington. So we moved there when I was about three to main Street Bloomington, U. S. A. it was grandma Long's*

*very nice house. We lived in it a few years and then moved.*

*There were two store in town Ed Haddox grocery and a coop that my grandfather Emanuel Long had helped establish and owned interest in.*

*The Bloomington Coop*

*Then the LDI church and the grade school  
The streets were lined on both sides with homes as well.  
In them many of my Long and Christensen relatives  
lived.*

*In 1905 my Dad and others felt like there were greater opportunity to move to Snake River Valley in eastern Idaho country better schools and more fertile land the sugar factory was there. You could raise sugar beets for cash crop as well as work at the mills. The Lincoln and the Sugar City mill. So it was decided they would go so we loaded up our belongings lock stock and barrel and moved, it took us a week most of us rode in the white top or the wagon we took turns herding the stock and my job was to herd the chicken once a day for an hour so they could get fresh grit and grass. Beside that we had a new calf and pigs , and cows.*

*We stopped to camp at Soda Springs, I remember going for the soda water. There was another family loaded for bear. That traveled with us . It was the Fred and Emily E. Rainsdon family and they were going to the Shelley area to Taylorsville. Known now as Just Taylor.*

*We left them at Shelley came up the Ammon road to the Lincoln corner where Estella and Brigg lived , and stayed there for a time. Dad got a job at the sugar*

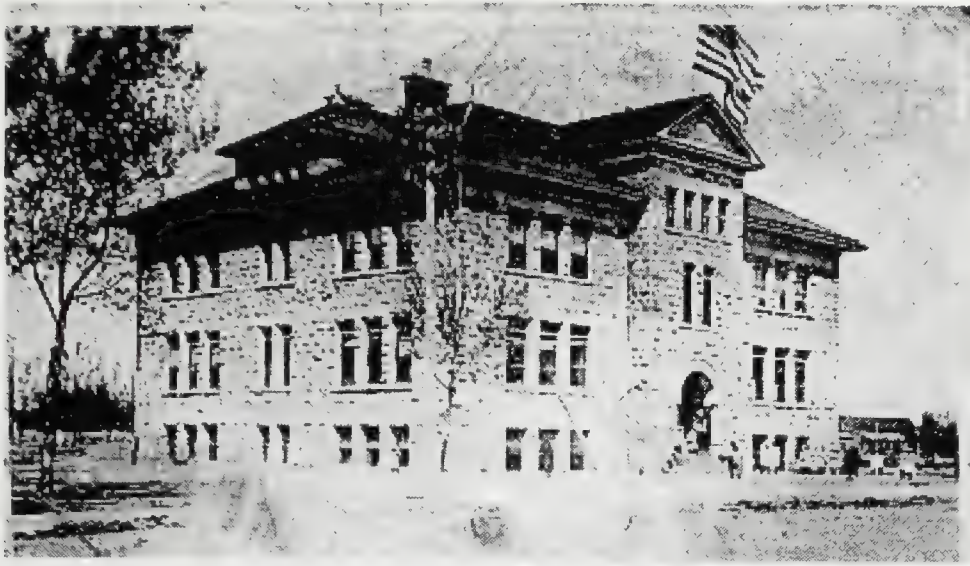

*mill right off. Dad bought a farm in Lewisville, Idaho. So we traveled to there and We spent our first year there I started fist grade there. 1906. Mrs. Pratt was my teacher, I liked here very much.*

*Lewisville grade school 1906. We lived here just a year and another sister was born here we named her Ruby Fern. In the spring of the year we moved to Rexburg, Madison, Idaho. My father bought our home on second north street. And 40 acres just north of the Rexburg cemetery from thy stock yards north and west. There was a small house with shanty kitchen and some rooms. So we could stay In the summer .*

*We attended Washington grade school and graduated from eighth grade then went on to Ricks Academy.*

*Washington Grade school Rexburg, Idaho.*

*My first day at school was quite an event there were so many kids it was a bigger school three stories and the first and second grades were in the basement. There were four rooms on each floor. Some of my teachers were Maude Turman, Libby Spori. Miss Walkers. Mr. Wilson, Mr. Belnap. James A. Langton was the Principal.*

*These were our happy days and our very sad times. Some of my favorite memory were our annual outing to Heise Hot Spring and once or twice to Pincock Spring at Green Canyon.*

*We made an annual trip in the fruit season to Brigham City, Utah by wagon and team.*

*Visiting friend and family all the way . We would get bushels of fruit and a big can of honey when returned home with our find we all pitched in and helped.*

*Bottled the fruit . And we were not to use the new bottles until Thanksgiving. An acre of Raspberries and strawberries, the vegetable garden but mostly Raspberries mother would sale them for extra income.*

*Always raspberries to pick daily.*

*We made our own linens and personal clothing , bedding, rugs. Mother knitted us woolen socks.*

*What fun we had on our sleigh rides with bells on the horses harness around Christmas and through the winter fu times of picnics, potex park fun.. Sunday dinners at the ranch. Estella's visit and running over to Pearl's or Aunt Millie's.*

*We enjoyed attending church participating in the operettas and fun things.*

*13 January 1900- 13 December 1984*

*Bloomington, Bear Lake, Idaho*

*Chrissie Tressa Long age 6*

*Chrissie was the eight child in the Long family and the seventh girl the year she was born they moved from the little house her parents had built. into*

*Grandmother Longs house left to them at her death they inherited from her estate.*

*She was brown eyed and black hair like her dad. She was born shortly after her sister Bessy had passed away.*

*When she was four years old her parents sold their things and moved to Upper Snake River Valley settling Lewisville, Idaho. There she started school first grade and a sister Ruby was born. Her family did not like Lewisville very well so they moved to Rexburg where there would be better education for all the children.*

*Chrissie attended Washington grade school. (Which was razed in 1997). Then attended Ricks Academy. When Chrissie was about 13 her mother Mary Christensen Long died from complication of child bearing. She was a happy child and loved to play make-believe, she learned to cut out row of paper dolls and when she had to tend Ruby she would lay on the parlor floor rocking the cradle with one foot and designing a school room full of doll and she as the teacher would be her play.*

*Mary Christensen and John William Long*

*I was the eighth child in a family of Eleven children, Mary Estella Long Anderson, Clara Elizabeth Long Thatcher, Leah Pearl Long Brian, Alice Seville Long Parker, John Royal Long, Martha Delpha Long Tonks, Bessie Lovina Long, Chrissie Tressa Long Weaver, Sarah Ellen Long Clark, Ruby Fern Long Farnesworth, and Glen Christensen Long.*

*Lawrence Holmes Weaver*

*Born: 24 January 1925 Rock Spring, Wyoming*

*Son of*

*Nathaniel Holmes Weaver and Chrissie Tressa Long*

*Died: 21 January 1926, Bennington, B Lake, Idaho.*

*Lawrence was the first born of the Nathaniel Holmes Weaver Family. What a joy he was for them He was born at home with a midwife. 24 January 1925, He weighed eight and a half-pound. At Rock Springs, Wyoming. Where his father was employed as a miner. His mother had been an elementary school teacher at Washington School at Montpelier, when she met Holmes. And later went to visit Holmes in Rock Spring for a*

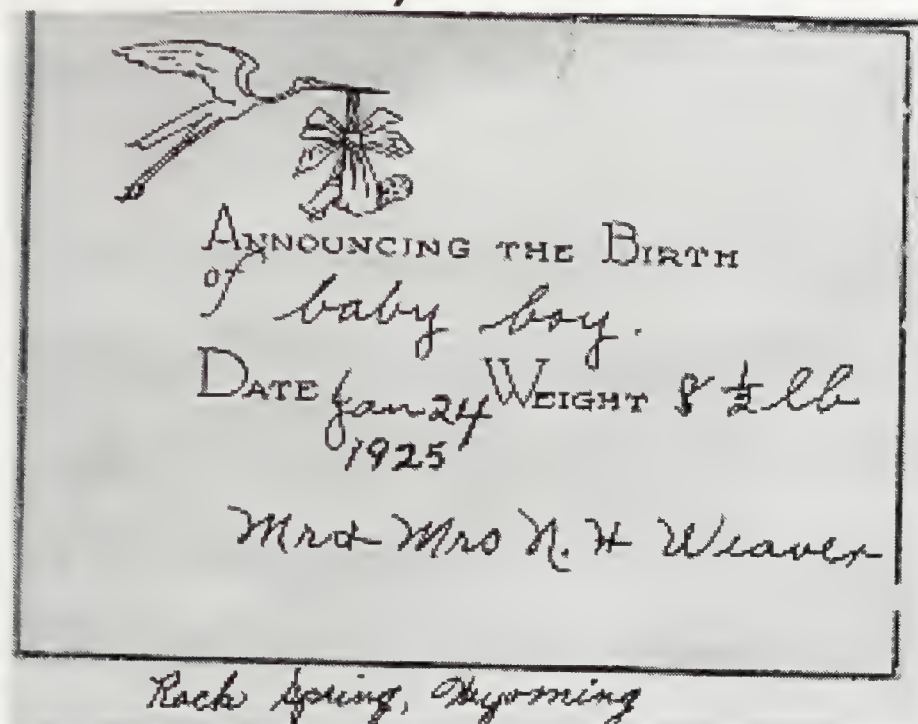

*Road Show performance one week end and they decided to get married, they were married 24 April 1924 by the Stake President and then Chrissie went back to resign her job at the School and they made their home in Rock Springs.*

*They rented a house and made a home and became active in the Rock Springs Ward, Woodruff Stake. Their bishop was John Young. Chrissie was active in Primary and Holmes was on the activity committee of the MIA they were so happy and had wonderful times with their neighbors and friends. Then the good news came that their blue heaven would soon be blessed with baby makes three. Lawrence was born. He was a content and happy baby.*

*Holmes was so proud to have a son.*

*Spring came and Lawrence was six months and things were going well. They did not own an outfit or a car. So one day Holmes came home with a beautiful baby pram (buggy) for the baby. So they could stroll about the town in style. How thrilled Chrissie was now she could take the baby and company to Primary and to shop and such.*

*Chrissie and Lawrence.*

*This picture was taken in front of the ward house. May 1995 in Rock Springs, Wyoming.*

*Holmes with Lawrence and Chrissie too.*

*Their home in the background, It was one of the company houses.*

*A letter came one day with news that Holmes dad, Miles Franklin health was failing and would Holmes come if he wanted to see his father alive. It was winter. So Holmes caught a train to Bennington right and left Chrissie there for the time being. His dad's health worsens and so Holmes returned to Rock Springs to get his family. They packed up their things, settled their affairs and boarded the train for Bear Lake Valley, Idaho. During the journey Lawrence began to fuss a lot and seemed to be running a fever, which made them rather anxious to get to their destination. They arrived and sought help by that time Lawrence was very ill. Chrissie was very weary from travel for she was eight months with child.*

*It was the beginning of the New Year and Miles Franklin was not expected to live much longer. He passed away 4 January 1926. He was buried the 6th in the Bennington cemetery and it was a very blustery day the snow was very deep and it was hard to get up the hill to the cemetery. Lawrence was diagnosed as having the spinal meningitis he started to have seizures and his head would bend*

clear back to his heels he suffered a lot. Such sorrow at this time for them and all concerned. Lawrence illness became worse and he passed away just three days before his first birthday at his grandparents home the 21 January 1926. Be cause of the infectious nature of the disease they were quarantined and there was no service held. Once again they lay to rest a love one, near his grandfather Miles Franklin. The snow was a foot above the fence posts. A small brass marker has marked the spot through the years.

*Bennington Cemetery (1926) Idaho*

This was a short time on earth for Lawrence but Chrissie and Holmes were so grateful for the temple blessing that made them an eternal family. The time would come when they should meet again and rejoice. This brought much comfort to them.

*This dear brother, is a tribute to your time on earth. Although I have not beheld your face, I know you are with our parents and also have met your brother David Clement who has passed beyond the veil. He was a prince of a man and I hope that I can live worthy, that when my turn on earth is through I may meet you all again. Yours Truly  
Your sister Melba.*

*Chrissie often said of Marie, "she was a very beautiful baby  
with her blue eyes and dark hair. She was always so willing  
to help and after Louise arrived she would get the diapers  
when the baby cried and bring them to her and showed a*

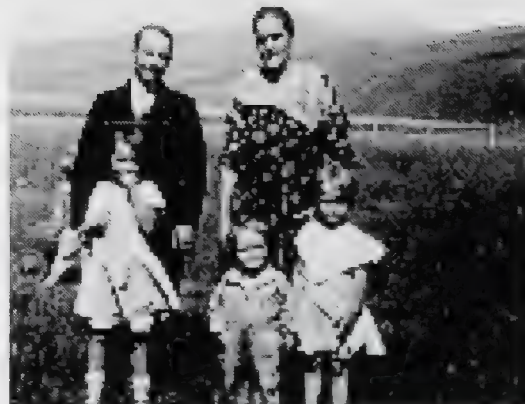

*genuine interested in Louise and wanted to help with everything.*

*They were forced off the farm by family members and took up residence in Montpelier at Aunt Kitty Ann Wright's home. There they spent the next winter. In the spring their mother took them to her sister's in Grace, Idaho to visit and there they got scarlet fever and had to extend their visit they were terrible ill for some time. After that Holmes came for them and with the team of horses he had they worked there way up hauling beets and when haying season began that was his pride as the team worked well with the derrick. They helped at the haying in Rexburg and then went to Teton Basin to help Leigh and Martha Tonks for the summer Chrissie tended Martha's children while she further her schooling so she could teach. Holmes*

*got a job with the U and I Sugar Company helping loading the limestone at the Chapin siding. They rented a small house down in the field that belonged to Bishop Burnside's.*

*Chrissie was with child and went to Martha's to have the baby there was complication. They had the Dr. come the baby was breech and Chrissie was in stress they did not know if they could save them by the skill of the Dr. saved the day A son was born at the Tonks Home in Victor, Idaho they named him David Clement Weaver. On 19 October 1929. They lived for a year or so in Teton Basin after that time and Holmes worked at the Chapin siding.*

*parents were caring for Grandmother Sarah Elizabeth Lindsay Weaver whose health was poor. Holmes was running the farming and caring for the stock. They family*

*lived there until the grandmother Weaver passed away. Then the family members wanted their part of the ranch. Holmes tried to get them to wait until he got the crops in and then he could pay them all their part and keep the farm. That did not set well. Unbeknowns to Holmes his brother in laws Roy and Milt Robison bought it out from under them. Holmes sister and others came while Holmes was in the fields and started throwing out their belongings in to the yard. And moving there own in most was done by the time Holmes returned. His family was terrified and be side themselves. They gathered up their stuff and moved into Montpeiler with Holmes' Aunt Kitty Ann Wright where they met. When Chrissie had lived there as a school marm.*

*So they lived in the two front rooms for the winter.*

*Kitty Ann Wright She was much loved for her kindness. She had a special liking for Holmes.*

Come spring Chrissie took her little girls and went to Grace to visit her sister Clara's family. There the stay became extended because the girls caught scarlet fever and were quite ill. They then decided they would take their belongings and Holmes team of horses and worked their way to Upper Snake River Valley where most of Chrissie's family members lived. There Holmes helped in the hauling of hay and using the team for derrick pull.

*Holmes is at Rexburg, Idaho*

*They ended up in Teton Valley at the home of Leigh and Martha Tonks. Holmes soon had a job at the rock quarry for the U and I Sugar Co. at the Chapin siding. Lived*

*in a little house there.*

*During this time Chrissie took care of Martha's children for the summer while she attended summer school. Chrissie was expecting and she gave birth to a baby boy at Martha's home. In October 19, 1929 Whom they named David Clement Weaver. They lived in Chapin for a while in a little house down in the field belonging to Bishop Burnside's. Holmes became quit ill and was in bed most of the summer. They believe it was at that time they thought it was malaria. He was so ill he could not stand the kids to walk across the floor or slam the screen door. Mother said they took walks pick the wild flowers made chains of dandylions and spent time under the clothes line as she washed the clothes.*

*David Clement Weaver was the 2<sup>nd</sup> son, fourth child born to Nathaniel Holmes Weaver and Chrissie Tressa Long.*

### *Ranch Home of Martha and Elijah Tonks*

*He was born on the (Leige) short for Elijah, Tonks ranch near Victor, Idaho, where his folks had come from Bennington, Bear Lake county, they needed a place to go and so they took care of his mother's sister, Martha's family while she took some education class at summer school. And helped Liege on the ranch. They remained there into Oct. because of the expected event. They then move to a house next to the siding at Chapin, where the ore is loaded on the train to ship to the Sugar factory in Lincoln, Idaho. Holmes had secured a job at the rock quarry for U and I Sugar Co.,*

up Fox creek canyon on the East Side of the Valley, just south of Darby canyon. Helping to bring the ore to the siding. After the mill run was finished they moved down the field a ways in a small frame house not far from Teton creek just out of Driggs, which was owned by Bishop Burnside. His Dad took ill in the spring and was not able to work for 3 or four months.

Marie, David, and Louise, back: Holmes & Chrissie at Victor, Idaho.

*One day Estella and Brig Anderson his mothers' sister and husband came to visit and asked them if they would come and run their farm just up the Lincoln road a mile and a half.*

*Because Brig ran the U and I company shops and Estella ran the boarding house across the street for the U and I Sugar Company. The family lived there the first winter and Holmes worked at the Sugar Company during the campaign. They then rented a small home in Doll town located just across from where the Lincoln cemetery is located. This was temporary housing for the workers during the beet run and campaign. Then a great blessing came the sugar company was selling off the more permanent rentals of row houses that made up the main street of Lincoln. His folks were able to buy one of those houses. Their house was located across the street from the corner of the grade school lot where it joined Austin's farm fields. The church was on the other corner of the grade school. So the family was able to go to school and church with out any transportation problems and*

*was in the hub of all community activities. And work at the factory was just down the street across the sand creek.*

*There the family grew secure and happy until each child chose to seek their own destiny, college, home, or career.*

*There the parents remained until they passed away which was about a span of fifty years.*

*There David began school at the Lincoln Elementary.*

*Punk's father was known about town as Bun Stoddard. His real name was Alton.*

*He's strength and security laughter and fun  
A prince to his daughters, a pal to his son  
A great story —teller and mender of toys  
Who's seldom dismayed by his family's noise  
He's an "everyday" santa who brings home surprises  
The man to consult when a problem arises  
As eager a worker as there'll ever be  
Who want all the best for his whole family  
He's a loving instructor who struggles teach  
His child to achieve all the goals one could reach  
And he knows in his heart that it's worth all the bother

*Dennis Joe Empey*

*Dennis was born in Boise, Ada, Idaho at St. Luke Hospital. Picre taken at hospital.*

*Dennis Joe Empey Just two hours old.*

*His parents are Melba Weaver and Darrell Earl Empey. His father was a vocational Agriculture teacher at Kuna High School. At Kuna, Ada, Idaho. Eighteen miles southwest of Boise and Meridian. A small community against the desert area where the Kuna caves are. It did not have any medical facilities so you had a choice of Nampa or Boise.*

*His parents had just finished their stay in Babenhausen, Hessen, Germany. Where his father had served as a U.S. Army officer for 36 months tour of duty in the 519<sup>th</sup> Field Artillery. Was discharged in July. Then he*

*secured a job to teach school for the next year in Kuna.*

*School began in September and they rented a house and set up house keeping, 1/2 block from the school at the old Methodist parsonage. We could see the Ag shop back doors from the windows of the home so we knew where dad was most of the time. It had four churches in the town but the L.D.S. church was out in the farming area 5 miles south of town.*

*David was the second son of Darrell and Melba Weaver Empey. He was born in Boise, Ada, Idaho. At St. Lukes Hospital. November 21, 1957.*

*His family home was in a small rural community south west of Meridian against the desert. It was called Kuna, Idaho. There his father was employed as the Vo-ag teacher at Kuna, High School. No hospital in the community so it was either Nampa or Boise for medical things.*

*Steven Holmes at three months taken March 1961.*

*Steven is our little New Years he was born the first boy in Boise in 1961. In the late afternoon. The second child born on that day. We thought he would come earlier like Christmas but he took his time and so Granddad Empey came for the occasion and went back to Twin Falls for Madolyn had her little boy who was suppose to come for new years. They left and then Darrell had me walk down to the creek at the end of the pasture crawling through all the fences. Then we came back Darrell had to go meet with a student of FFA for a bit and I knew about then that he better not stay to long. So we soon were in route to Boise to St. Luke Hospital. He was born within three hours and all was well and quick. He was able to benefit from all kinds of gifts. We had formula, bath accessories, Gerber food diapers and bag. Out fits, photos takes and etc.*

## *Becky Susan Empey, Personal History.*

*Becky Susan Empey was born 12 June 1962, at Boise, Ada, Idaho at St. Luke's Hospital. She lived at Kuna, Idaho with her Family Darrell and Melba Empey and her three brothers, Dennis, David, and Steven. During the summer of 1963 the Family moved to Driggs, Idaho. Here she grew and entered school; She grew to be a very lovely young lady. She attended and graduated from Teton High School. She enjoyed life here and made many friends. She attended a summer session at Ricks College in Rexburg, Idaho and here meets Randy Robertson, whom she married on 29 November 1980. Jennifer Louise Robertson was born to them on 4 April 1986, in Albuquerque, New Mexico.*

## *Julie Lorraine Empey*

*Julie is the first of our children born in Driggs, Teton Valley, Idaho. Where we moved to teach school. From Kuna, Ada, Idaho. We bought our home on the corner of Ashley and North first East.*

*This is an article from the Ricks College Summit magazine about Julie third trip to Jerusalem. This time as an instructor of Nursing with Pam Hart for Ricks College. Julie has persude her nursing career to greater heights than she and we expected she is a hard worker and has that stick to it stuff that it takes.*

*The first time Julie went to the far east "Holy land" she went as a nursing student in a pilot course, where the nursing students could experience the multi-cultural aspect of nursing at the local hospitals in the area. Also they would learn of the Holy land and its Biblical significance at the B. Y. U. Jerusalem Center. So they spent their last semester as a nursing student there.*

## *I Would Learn the* **HEALER'S ART**

---

*By Randall Shirley ('84)*

A group of nursing students enters a hospital situated on the Mount of Olives in Jerusalem. Their lab coats are the same as you might see at Eastern Idaho Regional Medical Center in Idaho Falls, Idaho. But today one of them might help an Arab mother change her baby's diaper; while at another hospital a nurse might hold a sick Jewish child while the parent gets some much-needed rest.

For 18 Ricks College nursing students, Jerusalem is a unique home for a semester. They see the city as few outsiders ever will. And they learn of a duality in healing—aspects that cannot be taught in a classroom; aspects that can only be learned outside their own culture. They learn that the technology of medicine is only one part. The true discovery is the art of healing in the land where the ultimate healer demonstrated it 2,000 years ago.

Sister Empey knows first-hand the long-term benefits of Ricks' transcultural nursing program—she is a product of the 1988 Jerusalem group and returned to the Holy Land this time as a part-time faculty member. The experience has had a great impact on her style of nursing.

"In Idaho we get a lot of migratory workers, and there are other people from many cultural backgrounds," she says. "Growing up we unfortunately learn prejudices, but by coming on this program we learn to stop our biases and to accept other people."

In addition to their time spent in hospitals, the Ricks student nurses participate fully in the Study Abroad program at BYU's Jerusalem Center for Near-Eastern Studies. From their spectacular vantage point just across the Kidron Valley from the Old City, the students cannot easily forget the importance of Jerusalem in many of the world's religions.

Indeed, wandering through the Old City itself can be something of a mini-class in comparative religions. The Muslim call to prayer echoes down the alleys several times each day. Meanwhile, faithful Jews can be seen in prayer at the famous Western Wall. Just a few streets away Christian tourists rent wooden crosses to shoulder up the Via

Dolorosa, a lane believed by many to be the path Christ followed to Golgotha.

"I love the ability I feel to learn here," Kami Bell of North Salt Lake City, Utah, says. "When you're in classes about history of the Bible and you've just been where it happened, it changes your life. We saw a very sick child one day as we were walking in Damascus Gate. My first thought was, 'If Jesus were here this child could be healed,—this is where it all happened.'"

Alexis Shirley of Rexburg explains further, "I think the art of healing is to be able to show compassion and love enough to

touch someone's soul. It's the ability to come closer and help someone heal emotionally, even where there is no cure for the disease."

"Working in the hospitals, I thought about Christ every day because I was studying him," Alexis continues.

"I often thought, 'Okay, here I am trying to help these people like Christ in his role as a healer.' It is neat to realize that I'm getting to play a part similar to His. I'm in the same line of work that He was."

Nurses who understand that medicine is more than technology. It is an art.

As the middle eastern dawn breaks and the sun reflects off the gilded Dome of the Rock, the Ricks students split into groups and leave the Brigham Young University's Jerusalem Center bound for nearby hospitals. Several walk with Pam Hart, the group's adviser and a member of the Ricks nursing faculty, to Hadassah Hospital. Other students walk with Ricks part-time instructor Julie Empey ('88) to another hospital called Makassed. On arrival, each student is assigned to a head nurse in different parts of the pediatric ward.

Jerusalem is a long way from Idaho, and due to Hebrew and Arabic language barriers, the Ricks students quickly learn that their time in the clinical setting will be different from time spent at hospitals back home. One of the surprises comes in less technical hands-on opportunities in the hospitals, or as the students call it, "using our skills."

Sister Hart explains, "I've had some students who are disappointed they don't get to start IV's and give medications like they do at home. As they mature they realize that all that will come, and that skills are not the

most important aspects of nursing. In some ways, nursing (in the Middle East) is more an art — more than just 'do the skills and leave,' and I'm pleased that some of the students have figured that out."

Student nurse Tera Jones of Ogden, Utah, shares the student perspective. "We are more observers, just doing small things, and that allows us to get the whole picture of nursing. Instead of being so time-oriented, we are able to step back and watch how things work together with caring for patients and including their family — that's a really big aspect of health care here."

The students were a bit surprised at the strength of the families in Jerusalem. In American hospitals the family is often treated as guests, and may feel they hinder the doctor's and nurse's work. In the cultures of the Middle-east, however, a family member is required to stay at the hospital with the patient—if the patient is a child.

"When I go to work in American hospitals I hope to involve families more," she adds. "I will ask the parents if they want to help change and bathe their child, and do other appropriate things."

"I've had a lot of chances to do suctioning and things I didn't think I'd get to do," notes Emily Weaver of Smithfield, Utah. "We just help out wherever we can. We can check vital signs, do basic assessments, listen to heart and lungs, and check circulation. We can hold, feed and bathe the children, and do dressing changes."

For one small child, Sharon Genra's observation and knowledge were a blessing. "It was an instance where a child had head trauma," Sharon, who is from Rexburg, explains. "They thought he was all better. But I noticed that he was limping, so the doctor came back to check him. After a CAT scan they discovered the child had a hematoma on the back of his skull which could have killed him. That one experience, being able to help possibly save a life, has made it worthwhile being a nursing student."

*The day Laura Kay was blessed and given her named by her father Darrell Earl Empey at the Regular June fast meeting 1970. Aunt Marie gave her the beautiful christening dress to wear it was very elegant. All her family was there and her blessing told her if she would live*

### Cheryl A. Empey's' History

Cheryl Ann Empey was born May 18, 1973 to Darrell Earl Empey and Melba Weaver Empey in Driggs, Idaho. She was the youngest of seven children. She grew up in Teton Valley as an active youth participating in almost everything that was available in a small rural town. Cheryl graduated from Teton High School as student body president in 1991 and went on to graduate from Ricks College with an associate's degree in Home Economics Education in 1993. She then worked until she went on a LDS mission to Los Angeles California. She served her mission from June 1994 to December 1995. Cheryl was honored to have served in a city that her grandfathers helped to build as members of the Mormon Battalion.

In January 1996, she moved to Logan Utah to pursue her education at Utah State University in Family and Consumer Science Education. She also came in part due to her love of her ancestors. One particular hero of Cheryl's was her Great Great Grandmother, Sarah Elizabeth Holmes Weaver. She was the third wife of Franklin Weaver who came with the Garr brothers to run cattle in the valley for Brigham Young. Sarah crossed the plains and then raised a righteous family in Millville helping to settle Cache Valley.

Cheryl came to Logan in hopes of honoring her ancestor's sacrifices. She lived in "Old Farm" student housing for over three years. In which time she was an active member of the LDS church, made lasting friendships and served as the National Student Chair for AAFCS. She completed her student teaching at Jordan High School in Sandy while living with her sister Julie in LLC. In 1999 she received her Bachelor's Degree in Family Consumer Science Education.

She then moved to a home near the Logan temple to live with Virginia Harder. She served as her cook and caretaker while working to complete her MS degree. Her Master's project was to co-direct a Latino youth program called Nuestro Futuro. In 2001, she received her Master's Degree from USU as one of the last graduating classes in the College of Family Life. During this same time, she served as Relief Society President for the USU 25<sup>th</sup> ward. Within a few months of graduation, USU Extension hired Cheryl in Cache County as the 4-H Agent Assistant where she is currently employed.

## **The Engagement & The Beginning**

Time: 5:00 to 6:00 p.m.

Monday, November 28, 1955

Once upon a time.... on a pleasant evening that was quite cool Darrell insisted that we go window-shopping. After a few requests, I decided that I would go with him although I had a feeling that there was something mysterious going about in his mind. It wasn't ordinary.

We walked around the corner and across main street and that was all the jewelry stores in town canvassed. Then, as sudden as most decision, he finally decides. He said, "Let's go to the car." I became somewhat nervous and yet tried to give no outward indication. I was confused as to whether he had a ring already purchased or whether he was just seeing whether I was interested in such matters.

We got in the car and he replied, "Well, would you like some pictures of Rexburg in color?" I relaxed some and thought he had satisfied himself about the situation and that it would not be mentioned the rest of the evening. So, gaily I directed him to the hill behind the college known as "giraffe hill", where lovers often go, as the songs go that the coeds sing on many occasions. (Which is just above where the Rexburg Temple is to be built.)

The darkness was creeping across the sky and scarcely a trace of the sunset was visible. Just as ordinary and very nonchalant Darrell asked me to get his camera out of the jockey box. So, with no hesitation, I proceeded to open the small compartment. In doing so, a very small white box fell into my lap. Quickly recognizing it's shape and coming to the conclusion that it was what I had hoped for, but lest suspected at the

moment. In the excitement I thrust it back in the compartment and closed the door.

I couldn't look at Darrell, nor could I speak. So I sat for moment then handed him the camera that I managed to retrieve at that moment and he took it. He went about busying himself with taking the picture.

Then again, he asked me to get the filter out. I reached my hand to do so and then removed it. I just couldn't look up at him for I would cry and so I sat and stared blankly out the window. He asked me again if I would get it for him. I gave him the excuse that I couldn't see it before and he had better get it. Finally, he coaxed me to get it. When I opened it he said, "It's in that little white box." I said, "Oh! It couldn't be", he said, "Well, open it and see." "No", I replied, "You do it please." And all this time, I felt he had me at his advantage and was somewhat enjoying the occasion.

Then of course the moment came that is for just we two and in his own sweet gentle way, he asked me to be his wife. We were married on December 16, 1955 for all time and eternity in the Idaho Falls LDS Temple.

Darrell and Melba on their wedding day December 16, 1955.

## **Dennis Joe Empey**

Dennis Joe was the firstborn son of Darrell & Melba Empey. He was born December 14, 1957 in St. Lukes Hospital in Boise, Idaho.

When Dennis was born it was Christmas season and they were painting the windows. The cartoon illustrator was at the hospital with his wife. I was in the hospital for 36 hours of labor and they gave me paints. I painted the windows of the delivery room. Dad said it was a very long labor. They were going to have to deliver him by C-section, but he got low enough that they used forceps. They let dad stay there for all 36 hours until they took me to the delivery room. Dr. Rosehime delivered Dennis at St. Lukes.

Dad could hold his fingers up to Den's legs and they were the same size. He was a skinny baby. Family had all been there to visit for the holidays and Granddad Weaver had to go to work, so they had already left.

It was fun! Dennis born just before Christmas, David just before Thanksgiving, Steven on New Years, Holiday Babies... all in the winter.

A Halloween story: We got the little boys ready to go trick-or-treating and they had their pumpkins in the window. They had a black cat. They lined up to get a picture and when the film was developed the cat was sitting on the outside on the window ceil. Mom was a little disturbed because she didn't even know it was in the picture.

## David Earl Empey

David Earl Empey was born the second son on the 21<sup>st</sup> of November 1958 at St. Lukes Hospital in Boise, Idaho.

David was also born in Boise. His birth was quiet uneventful except that when he spiraled down he turned so quick that the cord wrapped around his neck. It got around his arm and that kept it from chocking him to death. He was quite dark when he was born. He came around Thanksgiving time. Dad was having trouble with his stomach at that time.

David had long black hair. He was well filled out. He had grown good. The cord made an indentation where it was and it took a few days to grow out. Pansy and Mattern were the same nurses that helped with all four babies in Boise. We stayed in Kuna that year for Thanksgiving.

One day when David was little he had been playing all day and was very tired. It was a summer's day and they came in to watch T.V. for a little while. He kept a leaning on his hands waiting for prayer, and then he said, "Please pass the Barney." Dad said that was the honey bear.

The ranch in Kuna was four acres and two big poultry houses. We had Van Tress Cross breeding chickens. We candled and took the eggs to the Swiss hatchery. In addition to the hens we had about 100 roosters. Daily we took care of them along with the cow and other animals. It was my job to gather about 800 eggs a day. I had to take Dennis and Dave. We gave Dave a stick and a board to whap the chickens and the roosters, so they wouldn't bother them. They were just little boys and they didn't like them at all.

## Steven Holmes Empey

Stevens Holmes Empey was born January 1, 1961 he was the first baby boy born in Boise that year.

Steven was born in Boise at St. Lukes Hospital. Grandma and Grandpa Earl Empey came for Christmas and were staying until the baby was born. Every morning grandpa would say, "Do we have to walk to the hospital?" I was a bit upset with him. Aunt Madelyn had Robby before Steven came and they went to Twin Falls to be with Madelyn. After they were gone, I relaxed and New Years came. The baby still had not come so I climbed over the fences and over the rails in the pasture, up the hill and went to the house. It was just getting dark and one of the FFA boys called dad and he went to visit him, Dan Harmon. Dad came back and we went into Boise. Steven was born that evening. He was the first boy born in Boise that year, 1961. Steven was 8lbs or so.... third son, born on New Years. He was a happy baby. Grandma and grandpa Empey came back to visit the little boy. Robert Young and Steven Empey, two grandsons.

We got a pair of dogs; Patty and Mike. When Steve was about a year and a half old Patty had her babies. Steve found the puppies down in the basement. He wanted us all to go down but we wouldn't. Finally, I went down and he showed me the puppies. The big boys ignored Steve and then Dennis went down. They were all so excited! Patty had five new babies and the boys nearly drug their daddy down to the basement when he got home. That happened towards fall.

We were schoolteachers, so at dinner the kids would raise their hands. Steven got his hand hurt that day. We fixed it up and they were sitting on the bench. He raised his hands and asked if he could wait until his finger got better.

## Becky Susan Empey Robertson

Becky Susan was born June 12, 1962 in Boise, Idaho.

Becky's Birthday was trauma. Grandma Weaver came to stay while dad went to FFA Contest in Moscow. He left that morning, but I didn't feel real good before he left. The Dr. said it wouldn't be for about 10 days or three weeks. My poor mother (Grandma Weaver) was trying to hold down the fort. She had to go down the gravel driveway and across the ditch to feed the cows. It was really hard for her. The cow had a calf that afternoon. (They always seemed to do that while Dad was gone.) Then we went to town to the variety store in Kuna and piddled around. I kept having pains. I was tired and laid down. I had a bath, grandma said it would make it come or quit. Well, it started.

My friend was supposed to come and take me to the hospital when it was time...she was not home. I called the emergency thing. Brother Kasckey had been drinking over the weekend and was not available for the ambulance. So they sent the sheriff Mr. Kolling and he was all excited. I lived two miles out from Kuna and he came. I could see his car come up the road with the lights, noise and everything. We had everything fixed. All I asked for was a ride to the hospital and he made a big drama out of it! He buzzed so fast that he missed the circle drive. He came to the door and I said, "All I need is a ride to the hospital,"...I told him I just needed a ride and told my mother (Grandma Weaver) good bye and I hoped I would get there alright."

He just whipped out of there to the Ten Mile road and got on Amity. Then he called on the radio to the Boise police and asked for an escort. I was not thrilled! I did not think it was necessary. No it was not!! They asked him what the emergency was and he said he was having a baby. They laughed and congratulated him. He was still hell bent for an election. Pretty soon the Boise police said if he would slow down they could give him an escort. By then, my heart rate was faster than the baby's. At this time I was getting a little up set. With three police, we were screaming through town. They radioed a head and we finally got there. Pansy and Mattern were there waiting. In her English Irish rouge, Pansy said, "Well if I knew it was you, we would have rolled

out the red carpet.” There stood all these policemen. I grabbed my suitcase and Mattern took over. They were laughing and put me to bed.

Next, they took me to the prep room to get ready and at that time they were changing shifts. My nurses went off duty. A stupid nurse that was inappropriate strapped me down and left me. The room had a big mirror on the ceiling and I saw that baby was crowning. I told them the baby was coming. They came just in time to catch Becky by one foot. It was a girl! I so thrilled for our first baby girl.... In came the Dr. whistling with his hands in his pockets...I told him I would not pay for the delivery and then told him about the stupid nurse that needed fired.

Becky was such a beautiful baby; dark hair, pretty face and everyone admired her. So thrilled to have a girl...called Daddy, he had just got to Moscow. Mr. and Mrs. Krescha came to help me. They picked us up from Boise. They were so nice to us and helped so much. Grandpa Krescha held the baby. He was a little ninety-year-old Bohemian man and was determined to carry that baby in the house. He carried her like she was a piece of China. He was so thrilled to be a part of it. They were our friends before we moved from the Methodist Partridge in Kuna, out to the ranch.

## **Julie Lorraine Empey**

Julie Lorraine was the first of the “three little girls” to be born in Driggs. She was born on April 28, 1968 at 4:05 p.m.

I was teaching Richards group when Julie was born in April. My mother (Grandma Weaver) came and took care of Julie and I finished teaching. That year everyone got the mumps; Dave and Dennis had the mumps and Steve and Becky. I was sitting in sacrament meeting and had a funny feeling in my jaw. I went home with the mumps. We all got sick! For the last six weeks of pregnancy I had the mumps, but delivered fine.

Julie was the first baby daddy helped to deliver with Dr. Head. Dad said, “I just stood there. She came out so pleasant and she smiled instead of crying.” Julie had a brown mole on her right knee.

That day, the “big kids” saw a badger coming down the street and put it in a pace board box. I came home (with the new baby) to a badger on the front porch in the box just fighting mad. They were only left a lone a time or two, maybe for a half-day. It was a shock that they had this mean mad animal in the box.

## Laura Kay Empey

Laura Kay was born in Driggs, Idaho on May 18, 1970 at 4:00 p.m.

When we had Laura Davy Weaver was staying with us. Dad was an EMT and he went and gave the talk at a funeral of a boy that had died. I remember Davy came whipping down the street to let me know he had graduated. His mother and aunt Louise came. I got a furlough out of the hospital, after the baby was born, to go to the graduation.

Laura was a fairly easy birth, 15 minutes! She came quickly and dad was there helping Dr. Head to deliver her. Dad said, "They handed me the baby and I wiped her off with the towel and she just wiggled and squirmed."

When Laura was little she used to dance around the house saying big words or singing, "Sumpity, Sump, Sump, Sumpity, Sump, Sump, look at Frosty go!" She would tell people that she felt "supercalafragelisticexpealidosious". She was always taking care of the puppies and the kittens. She was often found chewing grape bubble gum.

When Laura was a little girl on the Rigby ranch, she had a cat named Jimmy. Jimmy was a black and white puss and boots. He was a well-trained cat for a little girl like Laura. She would have him find the candy and the chocolate hid high up in the cupboards.

## **Cheryl Ann Empey**

Cheryl Ann was born on Laura's third birthday, May 18, 1973 in Driggs, Idaho. They would share their birthdays together from then on.

The doctor started me and instead of coming the baby floated up and they had to push it down. Dr. head said he was going over to Jackson and that he would be back. I said I was going to have the baby. They punched it down and then the birth was fine. Cheryl was born about five or six o'clock. Daddy was there to help deliver her.

She was a beautiful dark hair and dark eyed baby. Not a red baby. Mr. Bergeson asked why I had such nice looking babies. I told him they came from the same pattern and are pretty babies. Most everybody came to visit; Aunt Marie and Sandra... Many brought beautiful little dresses. Cheryl was blessed on a beautiful warm summer day. One of the best births I ever had.

Grandma Empey came to Driggs to stay and take care of Cheryl's six brothers and sisters. We had a birthday party for Laura, a day early, and told her she would get a new baby for her birthday. Cheryl was Laura's baby, amen! Laura was kind of bossy about who got to hold her.

Daddy said, "You can tell their personalities right from when they were babies."

Momma said, "And we lived happily ever after."

We tried to talk with Dad about taking his time to mourn and with all this help we could manage. We surely needed time ourselves. He felt it was essential to replace mother, for the children's sake as soon as he could. That fall he married a woman to take mother's place but it soon became

*Because our stepmother was so mean to us Dad took us with him most of the time. I learned to plow, I harrowed, drilled grain, cut raked and tramped hay, pitched hay milked the cows every night and morning all the years of high school I had to get up and milk the cows separate the milk and wash the separator before I went to school. I drove a school wagon one winter. I had 16 children ride in it. I would take them to the district school, unhitch the horses and feed them and then walk the 5 blocks to Ricks Academy so my friends wouldn't know I drove the school wagon.*

*About three years after the family moved to Inkom Sam and Marcell met. They both lived in Portneuf Road about a mile apart. They courted in a Model A. Ford with a rumble seat in the back. They had many fun times, especially going to the movies in Pocatello*

*every week and stopping by Fred and Kelley's for a hamburger and chocolate malt.*

*They also had their own Post Office where they left Love Letters under a big boulder along Portneuf Road. They dated for two year.*

*Samuel Wilson Wanner is the son of Gottlob and Rebecca Hicks Wanner. He has 1 brother, 2 living sisters. Written by Marcell Clark Wanner in her 71<sup>st</sup> year.*

*Sam and I were married 28 August 1941 at the home of Bishop Lavern Cornwall in Inkom, Idaho. The next morning August 29, 1941 we were sealed in the Salt Lake L.D.S. Temple. We had only been married nine months when Sam was called into the 33<sup>rd</sup> Corp. of Engineers in the Army. Pearl Harbor was bombed 7 December 1941 so the war was in full swing.*

*The loneliness was almost unbearable at times. I lived with my parents' part of the time and with Cora Brian (my cousin's wife) in Soda Springs and in Inkom.*

*It was a long four years before the war was over. We sat in the lobby of Hotel Utah in Salt Lake City I was happy to see him but it was like meeting a stranger.*

*Houses were hard to find, but we found a 2 room lean-two in Black Rock with a hand pump for water outside and a path.*

*We got along fine. Sam milked cows and worked at the railroad (section crew) and at the cement plant at Inkom was there for over 30 years.*

*Sam was a real hard worker. He brought about \$1,000 home from the Army and saved the milk money until we had about \$ 2500, we bought a house in Inkom by the Portneuf River. Sam had a few acres so he could keep his cows and always a horse to ride and a dog.*

*By this time we had two children: Davis John born 16 September 1946. Janice Faye born 17 august 1948. Her Daddy so loved his little girl. She was 18 months when we move to Ikom. Clark Wayne came 4 October 1951, he was a large happy baby and his Dad always said he looked like a big Swede and was called that by his Dad. Then Marilyn was born 29 April 11954. She was injured during birth and resulted in brain injury and other physical ailments. She died 4 September 1990. She taught us about the pure love of Christ with her loving and forgiving ways.*

*Four years later we were surprise that we were going to have twins. The girls were born 30 June 1958. We named them Eva Maree and Karen Laree. They have been a joy - so pretty and sweet.*

*I was called as Relief Society President when my twins were 19 yrs. old. I worked at the school, I wrote as the Ikom correspondent for the Pocatello Idaho States Journal and served on the city council for 8 years. Sam served as City Judge and as ward clerk and in the Sunday School Superintendency and secretary of the Elders Quorum and High Priest Quorum for over 25 years.*

*Our sons were good athletes. How we loved to watch them play.*

*Sam and I spent many hours on the farm together and horseback riding in the hills.*

*One beautiful morning 4 August 1988, Sam passed away suddenly. Just a month before on the 4th of July we had celebrated his 73<sup>rd</sup> Birthday at Janice's home with all his friends and family. It was really nice but he was not feeling well, I had to coax him to come.*

*After he was gone life was very difficult for a while. I went on a mission to Texas. I came home with a new attitude that I would be happy the rest of my life.*

*I thank my parents for teaching me the gospel. What a blessing that has been to me. I thank my brothers and sisters for their many kindnesses to me. I thank my children and their mates for their good -ness too. I love all 20 beautiful grandchildren and I leave you all with this goal that I hope to achieve: "Live your life so that people know ing you want to know Christ." Marcell Wanner.*

*Caregiver Support Group Meeting. Idaho Falls, Idaho*

Today, April 23, 2005, I (Darrell Empey) participated in an Inservice, at the Idaho Falls Vocational College, sponsored by H.A.S., Inc. This is an agency that I belong to, which is to assist Caregivers like myself, for People with Disabling Disabilities. One of the presentations gave this example of a devoted caregiver, Myrna. *We who are family know her as Myrna Clark (Price), sister, cousin, and friend. I want to include it here.*

I first met Myrna when I called to invite her to our caregiver meeting. She was reluctant to come because she didn't feel like she could leave her sweetheart, who had Alzheimer Disease. Finally after 6 months of calling she finally came, and she consistently attended our meetings for 11 months. On occasion she would bring her sweetheart or daughter.

Myrna started to lose her voice thinking it was just laryngitis or allergies. She became very emotional, because it was her goal in life to care for her husband she loved so dearly. The family had to put their father in an Assisted Living Center until Myrna's health improved.

Myrna's condition did not improve, after about three months she was diagnosed with Lou Geric disease in March of 1992. When I went to visit her she could still communicate by writing on a slate or gestures with her hand or facial expressions. She still had a sense of humor that made us laugh. She also communicated to us the love she had for her husband.

Myrna died 8 months later on November 9, 2002. Her husband sobbed uncontrollably through the funeral.

In my entire life I have never experienced so much love and dedication as did Myrna to her husband and family. Even though her husband had the dreaded disease of Alzheimer's, the expressions on his face told us of his love for her.

He so vividly expressed his love in a letter he wrote to her in 1955 while he was serving a mission. This letter will tell it all.

*"Now as I journey into my field of labor I do so with joy in my heart and I am at peace with the world. When my memory of her sweet face grows dim, I'll not fret. Such is the way of nature. When at the end of my mission I can find only hidden memories of her tucked away among the myriads of memories of my mission. I'll not worry because deep down within my soul will burn a spark of love unfanned during the many months that have transpired, but never the less a spark that will grow into a flame of love that will consume me to the very core. When we are together again it will seem like only yesterday that we had knelt together in prayer. Once again I will read a message of love in her warm brown eyes. I'll know that here is truly a daughter of our Heavenly Father that I can love, because my darling, He loves you too."*

*Ruby's sister Martha tells of her memories of Ruby. " A lot of the time I was assigned to take care of Ruby and when the other kids were playing and I tried to keep up with them, I remember dragging Ruby along across the plowed fields or grassy meadow and both of us having a hard time. When she would have one of her spells she would faint and when she woke up she was screaming and shaking very bad and mother would put her in a cold bath and then a warm one to make her come out of it. She was a very sensitive child and even as a teenager. She would cry a lot. Ruby started first grade at Washington School and was doing well.*

*Then we moved to Burley, Idaho in 1907. Where I started school. Mother went with me that first day, All went well until recess then I came home and I told her, " All I do is play and I can do that at home." But the next day back to school I went.*

*The next summer 1908 father filed on a farm out of Burley, Idaho. And we moved out there to live.*

*In the fall we went back to Idaho Falls, for a trip. Just before we left my father plowed out away and around the house to keep the weeds down. When we returned from our visit a prairie fire had taken all the crop of grain, equipment and weeds. The house and the*

*barn was all that was standing so father sold the farm and we moved back into Burley.*

*Father bought two old cars there in town. Father worked on them for weeks. And we thought that was really something and we learned and studied all we could about them.*

*Father and mother didn't like it in Burley so moved us back to Ririe, Idaho. There we all finished our schooling and worked on the farms in the area, in the summertime. In the wintertime I went out to the sheep herds and got some of the bum lambs and raised them on a bottle. That way saved enough money to buy three horses. I worked them on my father's place. In the fall I hauled grain to the mills.*

*We lived in Ririe during the time of the great fire that burned the whole city block.*

*The next summer I went to Idaho Falls. I went to work at East Side Lumber as a carpenter's helper. I did not like carpentry work. They ask me, "Can you drive a truck?" You bet!, so I went to work driving truck. That*

*When winter came Father and Mother went to Salt Lake City for a trip. We had an Aunt and Uncle there. He wanted father to come and work for him. When they came back home father decided he would go to Salt Lake and work for my uncle. He had been there about two weeks when the company who owned the building asked him to go to California. He did. Father wrote to mother that he liked it and for mother to bring the family to California so she did. And when school was through I joined them. I did not work where father did. After being there two weeks I went to work putting up a ride at Long Beach Pier. I was looking for a job I liked and driving truck was one of them. I landed a truck job in Eagle Rock, California and was there for twelve years, and all during that time I had wanted to go back to Idaho. So I took sometime off for a vacation and went.*

We were married in Salt Lake City, Utah.*

*16 December 1929. We later had our marriage solemnized in the Salt Lake L. D. S. Temple 26 January 1937 and had our son sealed to us.*

*We lived in Idaho Falls for about eight month. I worked in a garage during that time. Ruby and I decided to move to California by my folks in Glendale. Ruby and my mother became such good friends like mother and daughter kind there we made our home in Glendale. It was a blessing for Ruby to have that special care and help. And what's more to add to our joy a son was born 22 October 1932, in Los Angeles, California.*

*Ruby and Gordon*

*We loved and doted over Gordon during that time. We had a nice home a family and a job. There we made our home in Glendale. I went to work for a Dodge Agency. I worked there for 10 years or so. Then the World War 2 came on.*

*Our home in Glendale, California.*

*In 1942 we bought our home at 343 Dryden Street, Glendale, California. And lived most of our life together here.*

*There soon were no parts or cars. No work. I went to work for the Santa Fe Railroad in the truck garage and was there 25 years. I never had too many jobs but those I worked at, I remained for sometime with them. Everything went well for about 7 years.*

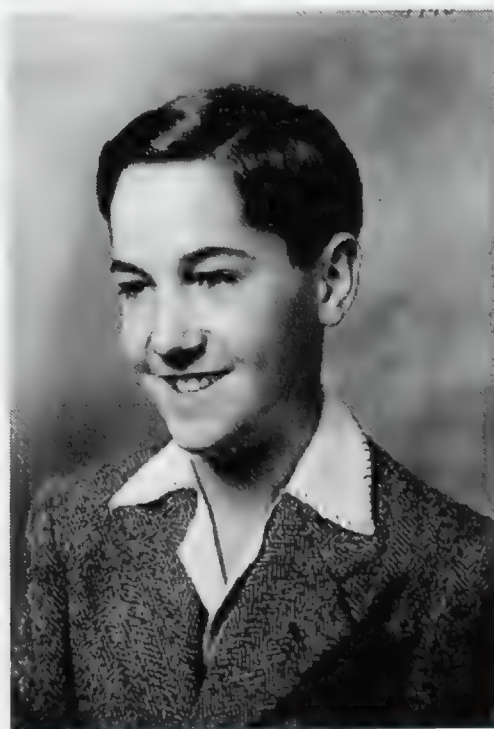

*We traveled to see places as we took our vacation We had some very special times and places. Ruby had poor health which stemmed from her childhood illness and it began to get worse, One evening while I went to the drugstore to get her something to make her feel better she passed away. And everything seemed to go out of my life but Gordon. It has never been the same. We laid her to rest at Forest Lawn Memorial Park.*

*It turned my world upside down and Gordon's as well.  
Gordon and I lived in our home getting along for some  
time.*

*Then I met a lady named Miss Arlene Kent Dillingham we were married in Las Vegas , Nevada.*

*20 March 1954. We were together for nineteen years.*

*She took good care of me and Gordon thru those years*

*We were together for nineteen years. I worked for the Santa Faye Railroad for 25 years and then retired.*

*We went on a nice vacation every year and travel to special places which I liked to do. After retiring Arlene and I made many friends and we had bought us an Airstream travel Trailer. We joined the Airstream caravan and traveled with them for several years. Arlene was taken ill and passed away in 1982. I lived in my trailer in Anaheim, California. Right across the street from Disney land for some time.*

*Gordon 1952*

*I went to the temple regularly and did sealing and the other ordinances. Then my eyesight began to fail me and I could not stand the loneliness.*

*Gordon had married a wonderful girl and had a life of his own now. They cared for me and saw to my needs. But I wanted to be very independent. I wanted so much to visit Idaho. So I flew there to attend a funeral of a relative. There I realized how dear these family members had become. Even after all these years it just seemed like yesterday.*

A letter received by Me from Faye and Gordon  
Farnsworth to notify us of Vuan's passing away.*

*Dear family.*

*Vaun became unable to see and hear and had to be taken care of by his devoted daughter- in - law Faye and the time came when he fell and bumped his head badly. So we decided to put him in a long-term care facility. Which is a very hard decision to make for loved ones. The day they checked him in the facility he passed away. January 13, 1994. North Hollywood, California.*

*Graveside services were held 13 January 1994 at 1 P.M. Officiating was Elder Rowland Stoll of Sunland L. D. S. Ward.*

*He was laid to rest beside his wives in Forest Lawn Memorial Park Glendale, California.*

*(The letter continues) There was a major earthquake in the Los Angeles area. (1-19- 1994) We are fine! Taking the advice of the media to be prepared, we were. After living through the 1971 quake. We knew what to do.*

*Personally I'm so happy Dad did not have to go through this. We knew he was at peace and in no more pain.*

*There were so many things wrong with him. For the past 4 years he has been steadily going down hill, and no way could we do anything about it. Gordon was working and I did*

*the best I knew how, I was very happy that I could do that much for him.*

*Our son David gave a wonderful talk at the services a great tribute to his grandfather, who he loved so much and his grandfather love him, too! It was hard on David. Dad was so proud of his great- granddaughter Ashley, .too. He called her his peddle-pusher.*

*The day after Dad passed away. David's car was stolen. At this time they have not found it and our Bishop is a policeman and he said. " They probably never would." So it seems 1994 hasn't started out well for us, but I know we will be O.K.*

*Thanks again for everything!*

*Glenn Christensen Long*  
*3 February 1909-23 October 1956*

*I was born in Rexburg, Idaho 3 February 1909, the youngest child of a family of ten, and the second son of Mary Christensen and John William Long. My early childhood is very hazy in my mind. Practically the first thing I can remember is the death of my dear mother.*

*On 12<sup>th</sup> of April 1913, she died. Leaving me just a four-year-old. It didn't take me long to realize I had lost the best friend I had.*

*My mother Mary Christensen Long*

*So I turned to my dad. Whenever it was possible to do so, he took me with him. I was constantly with him following wherever he went. Estelle, Clara and Pearl were married and lived near by. Seville was married but living at home while Lorenzo was on a mission. Royal and Martha were going to Ricks and Chrissie, Ellen and Ruby grammar school. Dad felt he must find women that could help fill the gap my mother left. Our family told him to take it easy and give things time and time would help him make the right decision. They all were close everyone were capable to work and help. But, he made up his mind to solve the problem, by marrying, a young lady in the maiden way who lived up the road and helped us once in a while. She would have a name and a family her own and he would have a companion.*

*Eugenie Virgin my step mother.*

*After my mother died. My father married again, he married Eugenie Virgin. Up to this time my sister had taken care of me. When my stepmother came into our home I was more or less under her care she was usually good to me, but even then she could not take the place of my mother.*

*Across the street from us lived Roy Stoddard. He use to come over and play with me and I would go to his place and play. We became the best of friends and chums*

*During my seventh and eighth grades at School I took great interest in woodworking and carpentry. I liked arithmetic especially well. My favorite teacher was D. W. Nelson.*

*Our graduation exercise was held in the Rexburg Tabernacle.*

*Under the supervision of our principal, George Hoopes.*

*At this time was when I first became interested in scouting and joined the Bobcat Patrol, Troop No. 2, of Rexburg. That same year I advanced to a second class. The following year I became a first class scout.*

*During the summer of 1925 I went to Teton Basin to work for two months. The first time away from home. In the spring of 1926 my brother Royal came up from his farm in Cache Valley. And wanted*

*me to go down and work for him on the farm. While I was down there, Dad took sick I had to go home. So later in the summer I went back to Cache Valley. So that fall I started school in Clifton. My brother moved and I stayed and continued school till Christmas, working for my board. Funds were low so I quit school and went to work on the farm till I had enough funds to get home.*

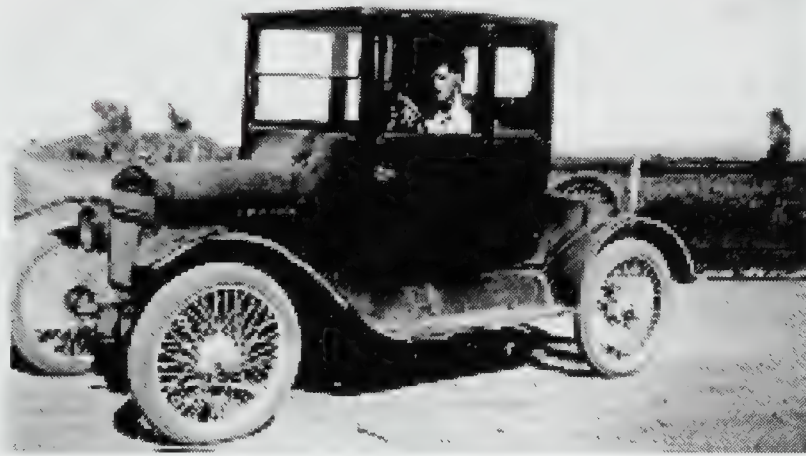

*Dad was sick in bed so I stayed and helped him for a while. I got a job working for a Japanese farmer doing farm work. I worked there nearly two years. During this time my dad died of stomach cancer, 31 March 1927.*

*I also taught the Deacons quorum at church that year, and was appointed assistant scoutmaster. I was unable to play basketball that year as I torn a ligament in my leg and had to go on crutches.*

*That spring I took part in another operetta, "The Lea House of Singles." During this year I was stepping out and having fun. I started going with Vese Hatch. I spent the summer working for Lige. And stayed there that winter. I went out to Albion and spent two or three days with Vese as she was going to school out there.*

*The following summer I worked for Lige until the 24<sup>th</sup> of July and then I went over to Holmes Weavers', my brother-in-laws, and started picking peas with him. While working there I met Hazel Hymus.*

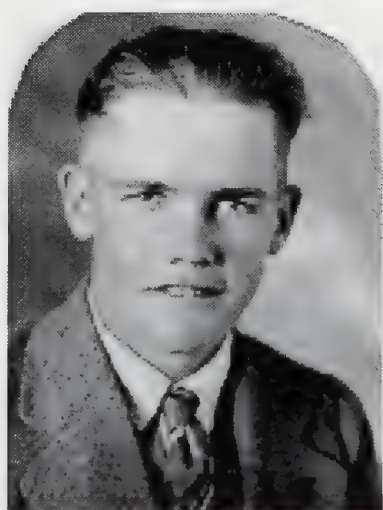

*Before I had become well acquainted with her, I went to Idaho Falls to work in the Sugar Factory*

*at Lincoln. While there I got to thinking about her and decided to write. Our correspondence began and we became better-aquainted and better friends.*

*After the Sugar campaign I went to Pocatello. While there I went to church and became scoutmaster of the Vanguard. I played basketball for the M-Men and was chosen all conference forward.*

*Early that spring I left and went looking for work I ended up in Rexburg thinning beets, again. All winter I had been writing to Hazel and that June I saw her off to Montana. After I got through thinning beets, I went on to Teton Basin I helped Lige and Sam Boyle in the hay; then worked for George Stone. As soon as the harvest began, I went back to Lincoln to work another campaign at the Sugar Factory. Hazel came back from Montana and went to Mud Lake to live. I made several trips out there to see her. So at the end of the sugar run we were married 15 December 1932. At the courthouse in Idaho Falls, Idaho.*

*Bert Simpson and Mary Perry Hymus*

*Hazel lived in Treasureton, Idaho, when small and then moved to Mud Lake, there she lived until she was fifteen, Then her freshman year she went to Preston to school staying at her Aunt Sadie, for that year. She basically was raised on a farm, a beautiful lovely girl.*

*The next year she went to Teton Basin there she finished her schooling, Graduating Valedictorian of her class, at Driggs, Idaho, Teton High School, In May 1932.*

*It was during this time she met and fell in love with Glenn Long. They were married 15, December 1932, in the courthouse in Idaho Falls, Idaho. They lived with Glenn's sister for the first three months in Lincoln, Idaho."*

*We lived at my sister's Chrissie and husband Holmes Weaver home in Lincoln.*

*Holmes and Chrissie Weaver*

*We lived there about three weeks and then went to Teton Basin, Idaho. I helped Lige Tonks feed sheep and we stayed there for a couple of months. Then Hazel's Dad wanted me to come and help him so we went back to Mud Lake and helped them move to Rigby.*

*We lived in one room of their house in Rigby. I helped on the farm. I again worked at the Sugar Factory at Lincoln. This time I drove back and forth from Rigby. I worked until the last week in December.*

*On 7<sup>th</sup> January 1934, our first baby was born. A little girl, we named her Mary Elda Long, she was born with spinabifida, (open spine) we fought for her life; her stay with us was very short 2 1/2 months. She passed away 22 March 1934. Leaving us alone but much*

*closer. We buried her close to my mother in the Sugar City cemetery.*

*Our sweet little Mary*

*Doctor bills and death has soon demolished our small income and it was necessary to find additional work. I tried and tried to no avail... remember these were depression days. Finally in desperation I signed for C. C. C. Camp and was chosen. I left 21<sup>st</sup> of April. I hated to leave Hazel and home but it seemed to be the only way. I was sent to St. Maries, Idaho not far from Coeur d' Alene. It was in the spring of the year and the scenery was beautiful the whole country was covered with flowers and beautiful shrubbery.*

*I saw great many things that were new to me but I still become dreadfully homesick. Our food was poor and we did not have enough to keep us busy so time dragged on*

for us. I knew Hazel was not happy so after forty days I returned home.

I had not been home only a few days when we moved into a place of our own to do as we pleased.

In this house we rented there was only one room that really was livable, but that did not discourage us.

We fixed us a nice little home there and were very happy.

That summer I worked here and there wherever I could find work we were careful and gradually added to our home. Then when fall came, I went to work at the Sugar Factory again. That year I had the Lime Kiln Foreman job. The campaign was short that run but we were careful and managed to save a little money.

Ever since we were married we had been saving and planning to go to the temple, but we had had so little money and so much sickness we had not been able too.

That fall after the sugar campaign was over we made preparation to go to the temple and be married for all time and eternity.

### *Logan Temple*

*We were sealed 6<sup>th</sup> of December 1934, In the Logan Temple, Logan, Utah.*

*We spent a week visiting our relatives along the way and then returned home. Feeling content, very happy and humbled.*

*Ten years passed and many things happened and were forgotten, things that should have been recorded.*

*Our oldest son was born 17 October 1935, we named*

*him Lester Bert Long*

*When he was 2 months old we made our first move one and one half miles from where we were in Rigby.*

*Then in the spring we moved to Lincoln to live. It was near the Sugar Factory and there we rented a farm.*

*Brig and Estell Anderson's farm.*

*Miles east of the sugar factory up the Lincoln road.*

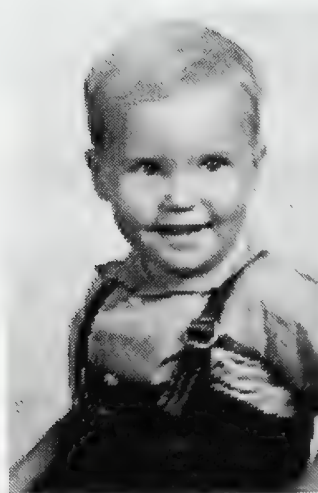

*The spring in 1938, we found a small piece of ground in Ammon and bought it, so now we intend to build a house on it.*

*In the spring 31 March 1939, our second son was born at home on the farm.*

*(Editor's note: Chrissie, and Estell were there to help and such a commotion and excitement we children would not stay out to play so the neighbor Mary Hansen persuaded us to go down to the sheep sheds and see all the new lambs.*

*When we came back there was a new baby boy)*

*They named him Darrell Glenn Long. (He was the loveliest little boy baby I had ever seen.)*

*Editors Note:*

*I must record for history this special thing that occurred with Darrell. When Snow White and the Seven Dwarfs came to the screen. The Dwarfs work song, "Dig, Dig, Dig, He loved that song and went around singing it. He had a little metal sand bucket and shovel and carried it around digging and singing. It was so cute, His mom and grandmother begin calling him "Dig," as a term of endearment and it stuck with him and his mom used it all the time. So I thought it was his name, I did not remember his name was Darrell, until long after I was married and someone called him Darrell when at a meeting.*

*I still to this day prefer calling him "Dig".. And he tells me his family members still do.*

*Our family, Dad, mom and I would visit their home while building their home. And while Glenn was at war to help them in anyway. I enjoyed playing with the boys. Glenn at one time built a merry go around, teeter tauter for their play yard it was so much fun.*

*We visited them almost weekly until after Uncle Glenn came home from war. Aunt Hazel had a wonderful garden and raspberry patch that would delight anyone.*

*Glenn continues:*

*Our funds were small and did not go far but by doing all the work myself I managed to build a nice two-room house. I hadn't much experience at carpentry work, but I enjoyed it. And by working here and there gradually learned more and more about it.*

*Taken June 1999*

*We moved into our own home 5 October 1939, every bit built by our own hands, And always a place neat and attractive through the years.*

*The years marched on and we gradually added to our home. The barn was built, the garage, the outside finish put on the house and painted. The cupboard built inside, the fences built, and trees and shrubs planted.*

*On 18 November 1941, our second daughter was born. We named her Maxine.*

*Maxine Gwen Long*

*Just a few weeks later on December 7<sup>th</sup> 1941 Pearl Harbor was bombed and our country declared war.*

*Things went on and didn't change much. I was doing carpentry work making good money so we built onto our house, adding two bedrooms, approach, bath and hall. Life seemed full of complications but they soon passed. Hazel's Dad died of stomach cancer. Her mother came to live with us. Hazel needed her teeth all pulled Lester got rheumatic fevers and was hospitalized. Hazel found she was expecting again. Our complications soon passed. Many times we could have*

*made more and better use of our opportunities but it's easier to see those things after those chances have passed.*

*In the early spring of 1943, I started working full time and steady at Bonneville Lumber Company. I really enjoyed the work, we had a project of building small sheds on skids I headed the project.*

*Gradually the war was creeping up on all of us. Rumors flew around that Pre-Pearl Harbor fathers would be drafted. As fall approached it became inevitable. On 7 January 1944 my induction papers came, saying I was to report at Pocatello, Idaho for a physical examination. I was sworn into the Army, to leave for Fort Douglas, Utah, 10 February 1944. Now everything must be put on hold.*

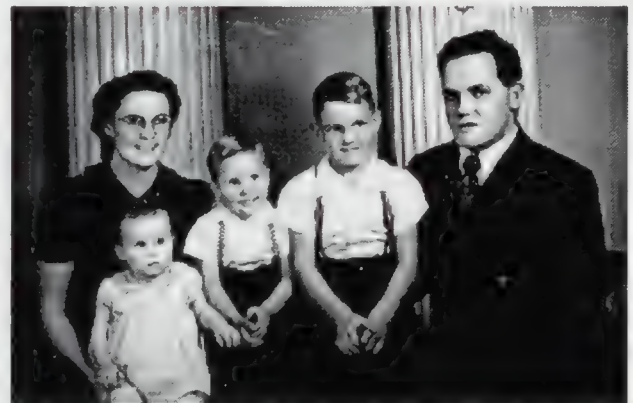

*In the army now*

*Now came the mad scramble to get ready to leave. So many things to do and so little time. Friends never seemed so dear, nor loved ones so precious, until separation threatened. My birthday was 3 February 1944. My sisters and family all made a special point to give me a present or do something extra nice for me.*

### *Boot Camp*

*Early in May I was transferred to a combat engineering battalion and sent us down the coast of California for amphibious training. I was stationed at Camp Callan and worked along the coast making beachhead landings. Then for ten days I was sent to sea, after which we moved camp up to San Louis Obispo.*

*During this period of time my wife Hazel gave birth to a daughter, born 13 June 1944, we will call her Ardith Ann.*

*Glenn on furlough*

*Ardith Ann*

*A furlough was granted me on 26 June 1944 and I headed home. On the morning of the 28<sup>th</sup> June I arrived home. Home again to my family, to see my new two-week-old daughter Ann. Home to all the things I had spent my life building and working for. My furlough was during the time the Long family Reunion was held and it was to be held in Inkom, Idaho. My brother-in-law Keith Clark was bishop of the Inkom Ward, special permission was granted for us to hold our own sacrament meeting on the Sunday afternoon at the Inkom church. With Keith presiding and there we would have precious Ann given a name and a blessing. What a special day it made and nearly*

*Those ten days of furlough slipped through my hands like water and were gone. Then back to war again - - real war this time - - not the practice kind anymore.*

*On 13 the July 1944. I reported back to camp Beale, California and learned we were to sail immediately.*

*We left San Francisco 22 - 25 July 1944, as a convoy and sailed to Hawaii arriving 31 July 1944.*

*Extensive Jungle training was received at Oahu, with practice landings made at nearby Maui Island.*

*15 September 1944 our 9<sup>th</sup> Division sailed, headed for Yap (Japanese held Island). But this operation was canceled and we headed for Leyte, Philippine, Island.*

*And on 20<sup>th</sup> October 1944, we landed on the Island of Leyte. I was among the first to go ashore in the beachhead landings. We fought until 25<sup>th</sup> December 1944, when the island was declared secure. A Merry Christmas.*

*We remained on Leyte until on the 14<sup>th</sup> of February 1945. I was sent by airplane to Biak (by way of Palau) to a hospital, because I had a bad foot infection. I was there about six weeks all total. I had a moment to catch up on my letter writing and think about my family.*

## Back on the home front.

**On Okinawa**

Pfc. Glenn C. Long of Ammon is now serving with an engineers division on Okinawa, according to word received by relatives here.

Private Long is again serving with the unit which he trained while serving in Oregon before going overseas. At a time when he was assigned to the engineers division in Okinawa after being treated for about a month for a foot infection in a New Guinea hospital.

The Ammon serviceman served at Leyte after landing there October 20, 1944 and was on that Philippine island until he received his foot infection in February, 1945. He was sent by airplane to New Guinea to receive treatment. Mrs. Long and four children are living at home.

Donnell, Maxelene and Arnold are at home.

Pfc. Long entered the service in February, 1941 and received training in Oregon and Hawaii before going into battle.

Writes Long of Okinawa:

"Here you don't see many people but when we do we find that they take us still farther away from our way of life. The Japs have killed them so much with fear so they are treated."

"The outstanding things here are the tombs of the dead. Each family has a tomb in the side of the hill and all their dead are buried in it for centuries."

"This place I also am sure would be beautiful in peacetime."

After many disappointments we finally sailed for home 31 November 1945, arriving in San Francisco, 17 December 1945.*

*But, it wasn't home for us yet. There were no trains to take us out of San Francisco and up to Fort Lewis, Washington, out separation center. So back out to sea again to travel by ship, But a storm came up and we had boiler trouble and drifted one hundred miles out to sea, before help was able to come to us. Again we were taken to San Francisco and on Christmas day I called home from there. December 26<sup>th</sup> we were given a special train to Fort Lewis,*

*Washington, on 31, December 1945. I received my discharge papers and arrived home 1 January 1946.*

*For two weeks I rested and enjoyed just being home. Then I went back to work for the Bonneville Lumber Company, of Idaho Falls, Idaho.*

*We decided to remodel our home and put in a basement, furnace, and bath. A well in Ammon was dug and now only pipe remained to be obtained. So all winter we got what material we could locate and stored ready to go to work, If and when spring came.*

*In April we started digging the basement. All summer we worked, evenings and all time away from my job. It was lots of work, but we enjoyed it and were so pleased and proud of our labors.*

*On 29 October 1948, Gaylen Clifford was born; he was such a joy.*

*He loved his mother and went everywhere she did. She was pleased how he attended to her when she did not feel well.*

*In February I was operated on for a hernia and for some time was unable to work. In March we took a little trip to Utah. When summer came I did some carpentry work after hours. The high cost of living made for soluble working hours. By watching for specials I was able to get enough power tools I could work for myself and started doing carpentry work on my own. I enjoyed doing-remodeling*

*jobs for special jobs and wants the people around close needed.*

*I built cupboards and closet for Chrissie and Holmes.*

*Built a laundry and back porch and they dug a basement.*

*During these years I spent much time working with the boy scouts in our ward and watched my boys grow and advance in scouting. I even tried to advance with my boys. Their progress was faster than mine was but I did get to be a star scout and receive a twenty year service pin.*

### *Glenn C. Long*

*So with all personal histories someone else has to write the closing chapters, and so Joan Jorgensen and I will try to catch up a few highlights from the last years of Glenn's life.*

*Glenn finally acquires enough of those power tools so he could be independent and work for himself. More than half the houses in Ammon have at sometime or other been made lovelier by his hands.*

*Shortly after he got home from the war, he was again elected to the Village Board. He was Village Clerk for many years and to this job he gave it his heart anything that would make our Village better or its people happier was his chief concern. He would work day and night, and often did, to make it so.*

*In the spring of 1952 Glenn became very sick and spent some time in the hospital. It was then his family found out that he had nephritis (liver problems). And that he must make career changes in his life style. Heavy labor had to be completely eliminated. So he went to work for School District # 93 driving school bus and working as custodian at the Ammon schoolhouse. Here he was with the boys and girls that he loved and they loved and appreciated him. Each passing year put more restrictions on him and he was less and less able to work and do the things he liked to do.*

*Reed Blatter ordained Glenn a High Priest 15 April 1956. In the spring of 1956 Glenn became very sick and again had to go back to the hospital. The following months he faded fast. He accepted the fact that his life on earth was soon over and very carefully finished what details he could before leaving. The last week of his life was spent in the hospital where he suffered severe pain. But to the end he was considerate of the nurses kind and obedient, never complaining, the last words he said to Hazel were, "Mom, I can't take it any longer." Hazel came home from the hospital and knelt in prayer and asks God to release him from his suffering and let him go. And within the hour Glenn had passed away.*

*Always he will be remembered for the quiet sweet influence he had on all those he met and came in contact with. Glenn leaves many friends and a great respect for the wonderful wife and family and family happiness he shared.*

*His patience was unlimited even when it came to sweeping floors with children running all through the room, or on a noisy, capacity loaded bus. We who know and have worked with him, honor his memory and give our humblest respect to Glenn and Hazel and the lovely family they have raised.*

*Five of our children are married and we have 6 grandchildren. Our youngest Jonathan is preparing to go on a mission this fall of 1999. We feel especially blessed to have such good children, who have made a success of their lives and stayed, close to the Church. Fenton has worked in computers for thirty plus years. He served on our local school board for nine years, and was just released as Bishop of Ammon 1<sup>st</sup> Ward. I stayed home with our children until they were all in school, and then I started working at a local drugstore. I have been there about 11 years and enjoy my job very much. I have summers off. *An Idaho Falls maiden Miss Ann Long, Daughter of Mr. and Mrs. Glenn C. Long 2915 E. 24<sup>th</sup> Street became the bride of Fenton H. Tyler, son of Mr. and Mrs. Fenton C. Tyler, of Ucon Oct. 9, 1963. at the Idaho Falls, L. D. S. Temple President Raymond Miles officiated.*

*Fall colors in Gold and Bronxe with gild and bronxe chrysanthemums were used in decorations.*

*The bride wore a gown of Chantilly lace and tulle highlighted with a fitted bodice and long tapered sleeves enhanced with a Queen Anne collar. A plaited tulle panel down the front edged with lace scallops accented the full floor length lace skirt. The double veil was caught to her head by a dainty beaded crown. The bridal bouquet was a white orchid surrounded with Talisman roses.*

*Mrs. Richard Black, sister of the bride, Idaho Falls, was matron of honor. She wore sheath gown of gold brocade.*

*Bridesmaids were Pamela Tyler, sister of the bridegroom, Ucon; Peggy McFate, Merced, CA; Marsha Thompson and Juneve Scoresby, Iona. Bridesmaids were dressed in brown brocaded sheath dresses. Flowers were bouquets of chrysanthemums.*

*Richard McFate, Merced, CA was best man.*

*The parents of the bridegroom feted the couple with a dinner at the Ucon LDS church following the ceremony. The reception was held in the Ammon First LDS Ward in the chapel.*

*Hazel Almeda Hymus Long*

*26 Sept. 1913 – 6 August 1979*

*She is the daughter of: Mary Perry and Bert Simpson Hymas*

*Born in Perry, Idaho.*

*Burt Simpson Hymas Mary Perry Hymas*

*This is Hazel's personal history written by her own hand.*

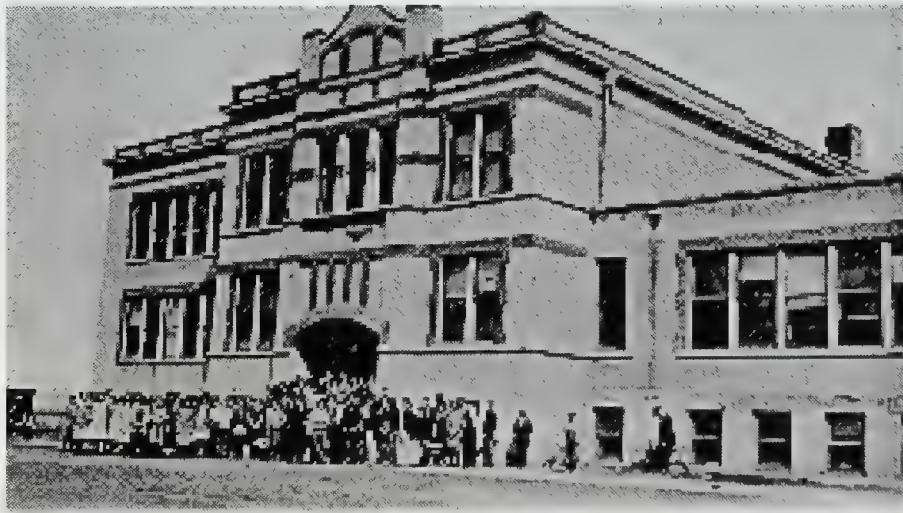

*Through the years I have kept a history of my life. Recording events and incidents that have shaped my life and molded me into the person I now am. I was born at Perry, Idaho 26 September 1913 to Mary Perry and Bert Simpson Hymas. My early childhood was spent at Treasureton, Idaho. When only six years I moved with my parents to Mud Lake near Terreton, Idaho. There I lived until I was fifteen years old. Growing up in the barren wind swept country where we earned our bread by the sweat of our brow taught me that life is something to be earned and paid for day by day. I looked back now at my childhood and realize how blessed I was. Many things I didn't have and many opportunities were never mine, but I had a chance to go to school, to study and learn the good things of the world and miss the contact of wicked sinful people. I was raised on a farm and with the cows and sheep and chickens and turkeys, the facts of life came simple and surely to my understanding. To this day the sexy vulgar people I encounter leave me cold and I*

*wonder what could have shaped they're thinking to say and do things they do.*

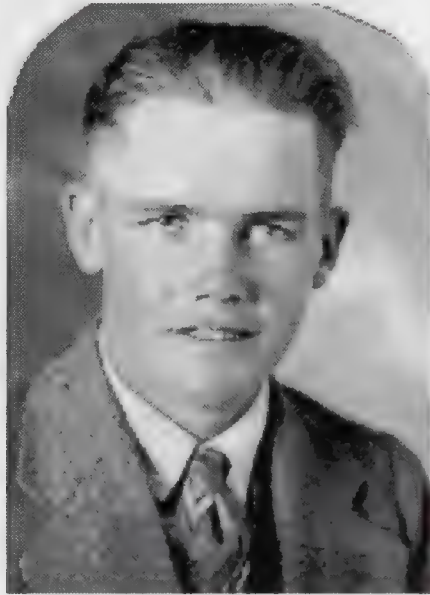

*I went to school my freshman year in high school at Preston Idaho. There I stayed with my Dad's sister and her husband - Sadie and George Stanger. That year was very impressive to me and must have made some very deep marks on my brains, because 40 years later I still go back in my dreams to those times and places.*

*Then I went to Teton Basin and finished my schooling there, graduating in May 1932 valedictorian of my class. Driggs High School Teton county, Idaho.*

*Teton High School*

*I was married 15 December 1932 at the Courthouse in Idaho Falls, Idaho to Glenn Christensen Long, whom I met in the Teton Basin. He was born and raised in Rexburg, Idaho.*

*Glenn Christensen Long Hazel Almeda Hymus*

*Mary Elda Long*

*My first child, a little girl, Mary Elda Long was born January 7, 1934. She had spineabifda (open spine) and though we fought desperately for her life she died March 22, 1934. Only 2 1/2 months. We buried her in the Sugar City cemetery by Glenn's parents.*

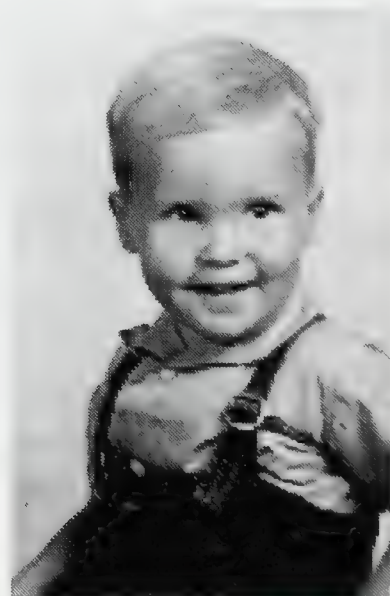

*After two years of marriage we saved enough money and our plans came about so we could go to the temple to be sealed for time and all eternity 6*

*December 1934. We were sealed in the Logan Temple in Logan, Utah. Also they had baby Mary's work done.*

*Logan Temple.*

*Lester Bert Long was born 17, 1935 and Darrell Glenn Long was born March 31, 1939. About this time we bought a little piece of land in Ammon and started to build our home there. We didn't have much money and so our progress was slow, but we worked at it and each year made progress.*

*This the Long Family home as it is today June 19, 1999*

*We began to build it in 1939*

*To this day the things we made with those struggling efforts are far the most precious things I have.*

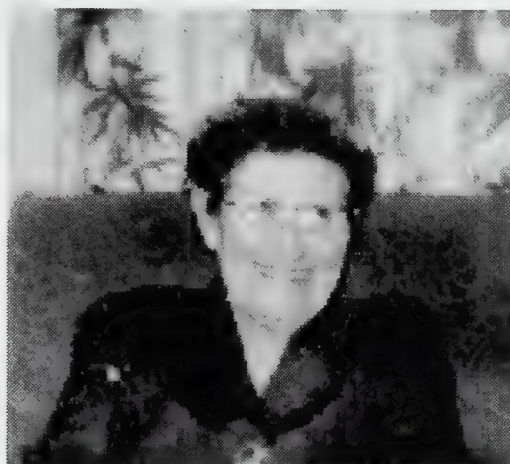

*Hazel, Maxine, Darrell, Lester, Glenn Long*

*Then in 1941 my Maxine Gwen was born I had wanted a little girl ever since I lost my first one almost eight years before and it was one of the happiest times of my life when I heard Dr. West say "It's a girl, a perfect baby girl". She was a cute little plump brown-eyed girl with blonde curls and a sunny disposition and I adored sewing for her.*

*Shortly after this my Dad died with cancer of the stomach and thus began the trial by fire that was to prepare me for the years that were ahead. Watching and caring for my Dad and seeing him slip away from this life was hard indeed; but in the months that followed his courage and faith came often to my mind as I faced my own trials and tribulations.*

*Mary Perry Hymas*

*My mother came to live with us and went to work in the White Star Laundry, in Idaho Falls, Idaho. We were engaged in a bitter war both in Europe and in the Pacific Islands. And then I discovered I was pregnant and my teeth were so bad they must all be pulled. Lester got rheumatic fever and had to go to the hospital and in January Glenn got his induction papers and left for the Army in February and there was I.*

*Pfc. Glenn C. Long*

*Glenn going to war and leaving me with my small family to care for was one of the hardest things I've had to do. Years after he died I would dream going to the mail box for the mail and clutching those air mail letters edged in blue and red and still hoping he would some how come home again.*

*Ardith Ann Long*

*Ardith Ann was born 13 June 1944 and on June 28<sup>th</sup> Glenn came home on furlough before going over seas. Ann was blessed during that time at the Long reunion at Inkom, Idaho. Bishop Keith Clark Officiates.*

*This is a picture of our group who attended the fast meeting*

*Inkom Ward Church, Inkom Idaho*

*Darrell, Hazel, Lester,  
Ann, Maxine*

*Ann was such a pretty baby with big blue eyes and dark brown hair,  
having her during this time brightened what would have been very lonely  
days.*

*Ann, Hazel, Maxine Long*

*God was good to us; the war ended and Glenn came home. How happy we all were. We remodeled our house and put in a furnace and the water. Many times I wondered just which I enjoyed the nicest clean hot water or the nice warm heat. Those comforts people take for granted unless they've never had them or have them taken away.*

*Gaylen Clifford Long*

*On 29 October 1948 Gaylen Clifford was born. I went down into the valley of the shadow of death for him and for a while despaired of either of us coming back. When I found we were both alive, I cried and cried — tears of joy and gratitude to a kind Heavenly Father.*

*When Gaylen was between four and five I had a miscarriage and was very ill. He stayed with me constantly and waited on me, taking such good care of me. It made me so happy at his childish concern and I commented on it to Glenn. He answered "I hope he will always be that good to you." How many times have I recalled that phrase through all these years?*

*The years rolled along and we had many happy times.*

*Ann, Darrell, Maxine, Gaylen.*

*Our children were growing up and we all worked hard at the things of life. We had our share of problems and trials also, the joys and heartaches it takes to make a good life.*

*Glenn C.*

*Hazel H. Long*

*Then Glenn got sick and we found he had nephritis. Fifteen years later that word still makes my heart beat fast with fear. I watched him day by day slip slowly from this life, seeing it and unable to do anything about it.*

*The last words he said to me. "Mom, I can't take it any longer." I came home from the hospital and knelt and ask God to please let him go and stop his suffering. Within the hour Glenn was dead, and I was alone - - October 23, 1956.*

*Glenn's illness and death had cost so much. I still had four children to support. Lester was married and living in Provo and going to school. I had been working at the School Lunch Program this past year so kept on there.*

*Darrell was married on June 18, 1958 and I started working at K ID TV Station in the Film Department, editing film. I liked my job and made enough money to take care of my family. We had our good times and our bad ones. But life was still good and I still had to finish raising this family of Glenn's and mine.*

*Grandma Hymas was still living with us and still working at the Laundry. But, she was 72 years old and getting very weary. Besides she hadn't been well of late so we took her to the hospital for a check-up, and they decided to remove her gall bladder but found she was full of cancer. The doctor tried to remove what he could but her body was too weak and tired and she never regained consciousness, and died 5 August 1959.*

*Maxine graduated from high school and was married to Richard Black, 1 December 1960. Ann graduated from high school and was married to Fenton Tyler on 9th October 1964. My nest was becoming empty now.*

## Miss Ann Long Becomes Mrs. Tyler

An Idaho Falls bride, Miss Ann Long, daughter of Mr. and Mrs. C. C. Long, 34th St. and 1st St., became the bride of Mr. Fenton H. Tyler, son of Mr. and Mrs. Fenton C. Tyler, 11th St., Oct. 8 at the Idaho Falls LDS Temple. The ceremony was performed by Elder H. H. H. H.

Her trousseau included a gown of gold and blue with gold and silver ornaments. The ceremony was held in the temple.

The bride wore a gown of shantung, lace and tulle, high bodied with a fitted bodice and long tapered skirt. The skirt was long tapered, decorated with a lace and tulle. Mrs. Fenton H. Tyler

*Gaylen graduated from high school and started school up to Ricks College and then Bishop Hansen came with a mission call for Gaylen. He was called to serve in the Netherlands Mission.*

*I had been ill for several months and was hemorrhaging, so went to see the Doctor. He told me I had a tumor that must be removed. Tests showed it to be malignant and they are in such a location that special radium treatments must be given first. I truly think the greatest decision of my whole life came then. My patriarchal blessing promised me I could "live upon the earth as long as life was unto me and be a strength and a comfort unto my children." When Glenn died I promised him I would raise*

*these kids of ours and then I could go to him. They were all raised now and unless something was done soon my life would be over. But Gaylen had his mission call and I did so want him to go.*

*For him to do so meant I must live a little longer and support him while there. And I ask God for time to do that.*

*Gaylen left home 8 January 1968, for the mission home. The same day I entered the hospital and was operated on 9 January 1968.*

*I had been in the hospital twice in December and had those terrible radium treatments Faith and prayer and obedience to God's commandments brought me through that operation. And a strong determination to get well and send Gaylen the money to stay on his mission got me back on my feet and back to work. No, it wasn't easy. I had to fight every step of the way, but once I had made up my mind I had one more job to do I never wavered.*

*Gaylen's mission was the greatest thing that could have happened to him. He came home a much finer person than when he left and with a testimony of the Gospel he may never have found had he never gone. Gaylen went back to school at Rexburg and on 30 July he was married to Nancy Hill.*

*I have stood in the Idaho Falls temple and watched each of my five children be married for all time and eternity and felt it a privilege not many mothers have. I am proud of each of them and love them each for their own specialness to me. They have chosen the best of companions that are as dear to me as my own children.*

*I have 29 grandchildren and 1 great grandchild and up in the cemetery two little twin granddaughters a few feet from Glenn, reminded me they too are waiting. These boys and girls are my treasures and my greatest concern*

*is for them to grow up to be good men and women. I want them always to remember their grandma and in so doing remember what she expects from them to never let me down.*

*In July of 1977, I developed some terrible itching all over my body. I entered the hospital on 7 July for test and it was discovered I had a blockage. The doctors decide to operate. It was cancer and the tumor was in the same place that my mother had one 18 years previous.*

*The surgery was very extensive and my chances for survival were only about 40%. "Lucky Me" I thought. I couldn't even make that." I was in the hospital 42 days and was grateful to be released, but I did not want to be part of this world again. I thought I had earned the right to go. I closed my eyes and refused to look at the sky, grass, trees, and flowers. They were a part of the world and so was I. That is not what I wanted. My family stayed with me constantly until I was able to take care of myself again. I slowly regained my strength and the doctor called my recovery a miracle.*

*One morning I woke up and the sun was shining down the hallway and I knew it was warm and sunny outside. And I didn't hurt anywhere. I just lay there in bed and was glad – above all I was alive and it was a wonderful feeling. Now my thoughts could turn to my Father in Heaven and I wanted to tell Him how I felt. I slid from my bed onto my knees "Dear Heavenly Father " -- and all I could do was cry. " I'm sorry -so sorry – please for give me". I was wrong and I knew it. You don't tell God when – He tells you. There was still something I needed to do and life was still desirable. After many days and much pleading I knew God forgave me. Peace came into my heart*

*and I knew I could endure what lay ahead. Always I'd had to work so hard — now realized never again. I must use my time another way now.*

*I spent the winter of 1977 making quilts and doing handwork of all kinds. I also helped my grand daughters make quilt blocks and did quilts for other people. I had more time to get to know my children and grandchildren, time I didn't have before when I was working. I had a good spring and summer. My health was good enough that I could work outside in my flowers and garden. The flowers were extra beautiful that year and the apples produced abundantly on an off- year, all a special blessing and answer to prayer. Fall came and my health seemed to take a bad turn. There were more times in bed but had to keep busy then too. I crocheted baby dresses and booties and sold and gave some away as gifts. My family and friends came often to help and to cheer. Those visits meant so much to me and I realized that I had more friends than I thought I did. Everyone was so good to me.*

*As I recall and relive the days of my life, I realize I lived every single day and worked out every hour and every minute of the day with all the strength I had. I have had blessings showered down upon me that astound me. I have asked God in fervent prayer for help and had many answers so quickly so many times I almost felt ashamed to ask for more. I know He hears for He answers my request—not once, but over and over again. I find myself short of what I think the Lord would have me do. Maybe my days of probation upon this earth weren't used as wisely as they should have been, but I have tried. It's been a wonderful life. I have traveled to greatest heights of joy to depth of sorrow. I know what it means to weep for joy and cry from sorrow. I have seen the wisdom of every experience given to me from a wise Father in Heaven that knows just what*

*I need to make me grow. I know that I too shall soon kneel at his feet and say, "Here I am, this is what I am, please guide my footsteps to where I must go. I still can't sing with your angels, but I would be so happy if I could tend your garden and find some flowers to grow. Surely somewhere in Heaven there is something I can do for you. I learned well in my earth life to work well and I won't be happy in Heaven with anything to do."*

*Someone else must write the remaining few lines in a loved one's life, Hazel's health continually to get worse and she took care of all the details and preparations for her leaving this earth. Everything was in order when she entered the hospital on 1 August 1979. Even her house had been sold and the papers signed and delivered she developed kidney failure and each day in the hospital saw her a little worse. On the morning of 6<sup>th</sup> August 1979 God granted her long awaited desire to return to his presence.*

*She passed away at 11:15 a.m. On that beautiful August morning.*

*I was the sixth child being the younger of two brothers, three sisters.*

*Mary Lester Darrell Maxine Ardith Ann*

*My oldest sister Mary died as an infant. All of the rest grew to adulthood and all have families of their own.*

*My family and I lived in a small comfortable home my parents built in Ammon, Idaho.*

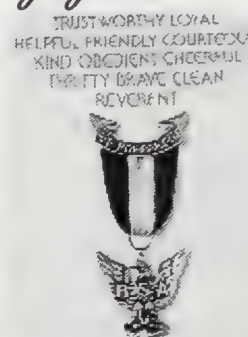

### *Glenn Long Family Home 1999*

*Ammon was a small town in which I grew up and went to school, and here I spent my boyhood.*

*The memories of my youth are now dim, but I remember spending a lot of time with my Dad as he drove a school bus and worked for the city of Ammon. My Dad had developed kidney disease died just before my eighth birthday. I still have many fond memories of the times I spent with him. Some of them include watering down the dusty roads in Ammon, or riding in the school bus over the foothills. My dad was a tremendous scouter, and as I look back on my boyhood days, I wish my dad had been by my side to help me through my scouting years.*

*As an adult scouter myself, and having the wonderful scouting moments with my own boy. I have often wished I could have enjoyed those same experiences with my dad.*

*My mother was a very strong lady. Mom had to dig down and raised our family on her own, with God's help, as Dad was called home on 23 October 1956. Mom worked for the school lunch program for a year or more. She later went to work for a television station KPD-TV Idaho Falls, Idaho, as a film editor, where she would work until her death in 1979.*

*Life was pretty good for me as a boy growing up in Ammon. My two sisters kept me pretty well in line. When I started Bonneville High School, Ann had gone to BYU. So that left mom and me at home. I got a job at the Pillsbury Mills Elevator in Ammon when I was fifteen. I worked there until I was a senior in High School during the summer months.*

*I graduated from Bonneville High School Dist. #93, May 1967. .... Everything was going great; I got involved with motorcycles and girls and enjoyed it very much.*

*The next fall I enrolled at Ricks College.*

*Ricks College*

*The Vietnam War was in full swing and only two missionaries per ward were allowed to go per year. At this time our wards mission quota was already filled. This made a mission seem very far away.*

*I got quite a wake-up call in late September of that year. Bishop Hansen called me into his office to call me on a mission. Another ward*

*in the stake had a position available. Mom was scheduled to undergo surgery for Cancer, and I didn't feel like I could leave on a mission. Mom told me she would not undergo the surgery unless I went on my mission. I accepted the calling to the Netherlands*

*Mission and went into the mission home on 8 January 1968. Mom underwent surgery that day and the Lord blessed us both. Mom got better and I spent two and one half, wonderful years in Holland.*

### *Amsterdam and waterways*

*I came home from my mission and went back to school at Ricks College at Rexburg, Idaho. Soon after that I met a lovely girl*

*Nancy Hill*

*Born: 29 October 1950 at*

*We were married 13 July 1971 in Idaho Falls, Bonneville County, Idaho.*

*At the Idaho Falls LDS Temple*

*We set up housekeeping in our first home in Idaho Falls. I went to work at the Challenge Creamery for four years where I worked at just about every position they had. It was during these four years that we began our family. Our first two children were born.*

*Janae Long born 12 December 1972. Two years later Jeffrey Long was born 7 March 1974.*

*Shortly after Jeffery was born we moved to our present home in Tona, Idaho.*

*After my four years with the Challenge Creamery I went to work for Idah Best Feeds Company. It was here; I worked the next twelve years of my life. Soon after I had started work at Idah Best, Stacie Long our third child was born, then Stephenie Long was born. Six, years later last but not least Rachelle Long was born.*

*Nancy Hill and Gaylen Long*

*During those early years in Tona Nancy started to work in the school system and on a volunteer basis developed the Library at the Tona Elementary where she worked for a number of years. She eventually broke off from the Library and started a Pre School on her own. She ran this school for many years in the basement of our home until she was able to move the school into Tona Elementary.*

*After working for Idah Best for a few years, it became Cenex, then Land O' Lakes, and I eventually found myself managing the place. After working for the company for twelve years, I found myself in disagreement with my boss, and was forced to move on. At this point in my life. I really grew up. I moved on to a couple of new jobs until I found myself a better job at the Idaho National Engineering Laboratory as a*

laborer. I have now upgraded in my job to an Equipment operator where I have supported my family for the past eight years.

Our children are doing well at this time in our lives. Jeff and Janae recently graduated from Utah State University. Janae will be teaching High School English this 1999 fall. Jeff just got married to Sarah Harker from Idaho Falls, Idaho and he is working at the INEEL. Stacy is working in Denver Colorado as a secretary in Real Estate. Stephenie is presently working at Idaho 8 TV as a Master Control Technician. Rachelle is ending her freshman year at Bonneville, and can't wait until the next three years are over. Nancy is still teaching Pre School, and I am still working at the INEEL, currently known as the INEEL.

*When he was 2 months old his parents moved 1 1/2 miles from where they were and lived there until spring. Then they moved to Lincoln 2 miles up the road east of the Lincoln Mercantile Corner. It was near the Sugar Factory. They rented the farm from the Anderson's, Estella Glenn's oldest sister, it was a yellow house on the lot next to the farm proper.*

*They lived there for sometime and run the farm, then in spring of 1938, his father purchased a piece of land in*

*Ammon and there they built a home. (This was taken in 1999.) They lived here the remainder of their lives.*

*Lester attended schools in Ammon*

*Ammon High and Elementary School. Graduating in 1953 from (consolidated) Bonneville High.*

*Then he went to BYU. To school and has lived in that area ever since. He taught there as an instructor after his schooling.*

*The Family attended church in the Ammon Ward in this building. It was remodeled and a Seminary added on the right of this building. Now it is replaced by a completely new and modern one.*

*His mom kept a journal beginning when he was a baby . Hazel kept a book for Les and the following are from her writings.*

*Early in the morning of October 17, 1935, I was born in Rigby, Idaho. The first place I saw in this world was my Grandmothers. I lived there with my mother utill I was eleven days old, and I moved home.*

*Life sped along with nothing happening except an occasional visit to my grandmother's. Dad was working in the Sugar Factory at Lincoln so I saw very little of him.*

*December 1, was fast Sunday, and as Dad was working, mother took me to church to have me named. They dressed me up in my pink bonnet and jacket with my little dress crocheted in pink. They wrapped up in my white shawl and put my pink blanket around me. So far as I could see I looked just like any other little red baby – since it was to be an occasion I grew some pimples on my cheek. Never the less my folks thought I looked wonderful because I had lots of dark hair and big blue eyes – the only good feature they could find.*

*I was named Lester Bert. Lester because my Dad thought that a fine name, and Bert because that is my Grandfather's name. Mr. William P. Sharp (the nicest man, he shook me so carefully I didn't even cry) named me.*

*I am one year older now and though I can't walk yet I can stand a lone and walk from one chair to another. I have eight teeth and weigh twenty-five pounds. I am learning to eat with a spoon even if it is awful messy. I can't talk very well but I can tell which is the kitty and which is Tip. I can sing and whistle. It is more fun to whistle so I do that most of the time. For my birthday I got so many presents I'm afraid I can use them all. Grandpa gave me a little car that runs, a whistle, and a box of lemon snaps. Grandma*

*gave a top that spins and hops and sings, a pair of silk stockings, and a little tiny toothbrush. Aunt Emma and Erma gave me a pair of oxfords, and a little red sweater suit. Aunt Gwen and Marylyn gave me a rubber doll. Mamma gave me a little hammer and a little red snow suit with puppy on it. Daddy bought me some lollipops and some Carmel in a paper sack. Grandpa and Grandma and Aunt Gwen came up to see us.*

*Today is March 9, 1940, Lester made his first trip to the store (a block and a half) alone. He took his penny and bought his candy all by himself.*

*The winter Daddy made a harness for Tip and he pulled Lester on the sleigh. He isn't very well trained yet but when Lester gets bigger he can teach him to be good.*

*For several weeks Lester has been saving his pennies to buy a saw that cost a quarter — a dime — a nickel — five pennies — and finally the last nickel. The second night he had it he forgot and left it outside and it rained on it. When he gets as big as Daddy he's going to buy a truck, a drag — line and a*

*well digger and he isn't going bumming all the time like Daddy – but he like to go already.*

*Most of the spare moments he has are spent hammering nails in boards, always making something – one day an airplane, another a house, or a thing-a-ma-jig. He can hammer with that old left hand as well as any carpenter.*

*His special job is to separate the milk. He's always ready and seldom misses. He helps take care of "Diggie" and won't let him eat things he shouldn't or get into mischief. He's a "little old woman" about worrying over things.*

*March 1941. This past winter has been long but enlightening one for Lester. Last fall he couldn't count to ten alone, but now he can speed the numbers up to 100 and then starts 101, 102, 103 and so on. He knows every letter in the alphabet in their printed form and most of them in writing and fine or small print.*

*Many were the hours spent filling out order blanks for seeds and flowers from mommy's nursery catalogues. His love of flowers is almost as great as his mother's. His order*

*amounted to \$12.00 so he told Dad he needed \$12.00 pay day from his check and expected to get it. Then he wanted to bury the front lawn to plant them in and couldn't understand why Daddy and Momma wouldn't want to sell it if he gave them 6 cents for it.*

*He knows all the days and dates on the calendar, when it is Wednesday the 6<sup>th</sup> or Tuesday the 15<sup>th</sup>. He can tell time pretty good but can't always get it exact. The minutes bother him some yet, but the hours are straight in his mind.*

*At four years old Lester's job was gathering the eggs. About one every hour he set out to gather the eggs — making the rounds. In the chicken coop, the barn, the haystack, the straw stack, in the weeds, back of the doghouse and many other places he found them. Sometimes he found whole nests full all by himself.*

*(Editor's Note; I had the privilege of going with him to make the rounds one day. We made the sweep and when we arrived at the straw stack he said put the eggs in your pocket and we will climb up and slide down the other side, all was good and well until I landed quite hard at the bottom of the stack and there every egg burst leaving me dripping with a pocket full of raw scrambled eggs, m.e.).*

*May 1942. Lester had finished his first grade, or first year of school. He was in the first group all the way through and did exceptionally well, as if all day wasn't enough to study in, as soon as school was out he came straight home and spent another couple hours reading.*

*December 1943. Lester has grown considerably in the last*

*two years. He weighs 67 pounds and is in the fourth grade. Last winter on the day before Christmas we took him to the hospital with rheumatic fever. He was very ill for several days but. After a week we were able to bring him home but he had to stay in bed for two weeks.*

*Through the years with Lester.*

*Then in January he had his tonsils out and in another two weeks he was back in school again.*

*Among childhood memories long will love the time  
Daddy went to war. The coming home at furlough time and  
watching the train take him away that soft summer night – the  
realization that “we might not see him again” as he and mom  
start the car and head out on that quiet lonely road toward  
home*

*to come home soon. School time again – fifth grade this year. Christmas time and knowing Daddy was back in America. New Year's Day and he is home. Will time erase that day from memory? Growing and learning all the time. The best times are up to Uncle Norman's – so many things to do.*

*That is the end of his mother's story for him. Now his wife's version.*

*One of the family stories told about Les was this: He went out to the fruit cellar to get a bottle of peaches and dropped them on the step and broke the bottle and cut his finger or hand. His mother said he was more angry than anything, he couldn't understand how he got cut, and he jumped up so fast.*

*Les got his Eagle award in scouting. In high school he was one of the brainy ones, he did very well in math, science, shop, chemistry, photography, and worked as a stage hand putting up lights or what ever needed to be done.*

*After high school Les went to BYU and was married the next summer to Karen Madsen, July 14<sup>th</sup>, 1954, in the Idaho Falls Temple. He graduated in 1958, and stayed*

at the "Y" as a welding teacher until 1979. Some of his summers were spent in schools in Houston, Columbus Ohio, and Detroit. Les used to say the best thing about being a teacher was "June, July, and August". Some summers were spent working in Idaho Falls, helping to build the Timpocoeke trail in the Timpanogos Wilderness or fence on Skyline Drive.

Les never knew how to take a vacation, it was always work, and if we took a vacation it would be a quick camping trip, which was usually a great adventure. Les built a pontoon boat, and an inboard motor boat, both ran quite well and he had fun with them. He also started building a glider airplane but sold it before he ever finished it.

When Les quit B Y U he was already helping Short Shirtcliff and went to work full time for Provo Steel. Short had been in the structural steel business for many years and things were not going very well for him, he decided to start making gun safes and went to Les with the idea. Les helped design the safe and the machines to build them with, and has been working there ever since.

*One of the reasons we moved to Mapleton was Les' friend Tom James moved over here and thought we should too. Les and Tom were friends many years and did a lot of snowmobiling, boating, water skiing, and four wheeling together.*

*Short Shurtliff has been like a father to Les, and they have a great relationship between them. Since Short retired he spends most of his time planning the next hunting trip, and the next year's garden. Les is always there to make the plans work.*

*Another friend that has had a great impact on Les was Bob Hurst. They have been neighbors since we moved to Mapleton, but they were not the best of friends most of the time. Bob had a heart transplant and started asking Les for help with a few little things and the friendship developed to the point that during the last week of Bob's life he wanted Les at his side all of the time, and Les never left him, day or night and was with him when he died.*

*Most of Les's life had been spent with the scouting program, usually in the teacher's quorum. He was Elders quorum president in the 4<sup>th</sup> ward for a couple of years. Now he is the ward clerk and does a very good job at that.*

*Les' has an amazing knowledge of the gospel and a deep testimony of its truthfulness.*

*Les is the father of three sons, Michael Glenn, David Lester, and Bruce Alan Long. He has three daughters Marianne Long Amatangelo, Janet Long Banskett, and Laura Long Barnes. He is very proud of his children and grandchildren and loves them all. We have six children and 19 grandchildren.*

*When I married Lester he was attending BYU and I figured when we finished school we would return to Idaho. Which never happened. Another reason I married Lester was that I had been told to take a good look at his father, because most men would be that kind of a father. Well Lester is just like his mother, but after 45 years maybe that isn't so bad.*

*I have worked in all the organization of the church, in teaching and leadership positions. I think my favorite has been in the nursery, I've been in that position about four times through the years and spent three or four years there each time. While Les was teaching at BYU. I could attend classes free. I finished a BA in child development and family relations in 1975. By then the children has developed to a somewhat reasonable level. I didn't continue in that field professionally. A few years later I went back to school and received a LPN certificate and worked in a rest home as a nurse. By far the best job I have ever had is being grandma to my own and many others in the neighborhood.*

*I believe the gospel is true, Jesus Christ is my Savior, and Heavenly Father loves me. I have had a good life and this last part is the part is the best so far.*

*Darrell Glenn Long*

*I, Darrell Glenn Long, on the 33<sup>rd</sup> year of my life, with some prompting from my wonderful mother, feel it necessary to write some of the things that have taken place in my life before they become extinct from my memory.*

*To begin with, I like Nephi of old was indeed born of goodly parents — Glenn Christensen Long and Hazel Almeda Hymus. I was born the second son in the family of 3 boys and 3 girls. I have 1 brother and 1 sister who are older than I do. I never knew my older sister Mary as she died in infancy.*

*My older brother is Lester Burt Long, then my sister Maxine Gwen Long Black, Ardith Ann Long Tyler and finally Gaylen Clifford Long, my youngest brother.*

*Hazel Almeda Hymus and Glenn Christensen Long*

*My birthplace was Lincoln, Idaho, on the 31<sup>st</sup> of March in 1939. Shortly after my birth my parents moved to a small plot of ground in Ammon Idaho, and it was there that I was to be reared to manhood.*

*This is the house my parents built with their own two hands. Taken 19 of June 1999. Our childhood home. Ammon, Idaho.*

0

*As a child, my mother says that I wasn't happy unless there was a bunch of kids around to play with. I guess this is one thing that I have never gotten over because I really enjoy the companionship of a good friend. Good friends are one of my most priceless possessions. I have been blessed with many true and wonderful friends and I'll always be grateful for them.*

*Growing up in Ammon holds many clear and wonderful memories of my youth. As a small boy there were a few neighborhood boys that I spent many hours each day with. One of these was Karl Call. He lived next door and we became inseparable companions. We usually played with Paul and Dale Bunnell, and Val Crow. The five of us could usually be found together either in or out of mischief but always together. We played together, slept out together, swam together, and had an occasional rock fight with the kids down the street but always together.*

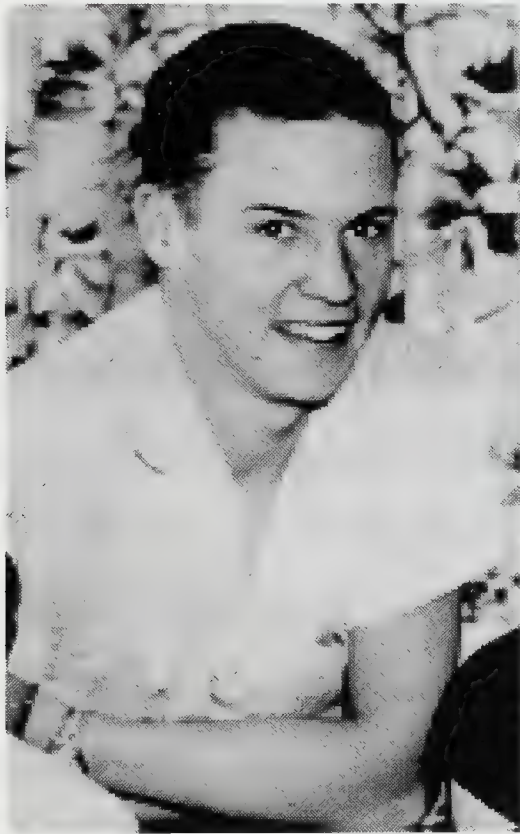

*Quite early in our youth, Karl's folks moved to Pocatello and I don't think I ever saw him again, but there is still a warm spot in my memory for him. The remaining four of us stayed and grew up in Ammon. When I became 8 years old I was baptixed by Jack Strong on May 3 and on May 4, 1947. I was confirmed a member of the Church of Jesus Christ of Latter Day Saints by my father. About this time of my life I had a traffic accident, but I was able to recover from it.*

*My father worked at the Bonneville Lumber Company that was located at the corner of 1<sup>st</sup> street and North Yellowstone Highway. On Saturday mornings I rode to town with my Dad and then I would walk downtown to the Paramount Theater where I would see the Kids Saturday show. It would let out about noon and I would walk back out and ride home with Dad.*

*Everything was fine this Saturday morning until I got to the corner of E Street and Shoupe Avenue. Instead of crossing at the intersection in the normal manner, I decided to cut across since I didn't see any cars coming. That's all I remember because I woke up in the hospital. My head was all bandaged up and my mother and Dad were sitting beside the bed looking very worried. I thought to myself, "Boy, I must really be in trouble." Well, I had a fractured skull and a few other minor injuries. The doctor put me on a liquid diet and I wasn't allowed any solid foods for about a week. This was pretty hard to take because the fellow who was driving the car that hit me worked at the Bonneville Lumber Company with my Dad, and felt so bad about it that he went out and bought a whole grocery sack of candy bars, oranges, apples, cookies. And all the goodies*

*possible to stuff into that sack. And there I was unable to eat any of it. The doctor said that I was to lay still and I, being such a wiggly kid, it was pretty tough. Finally he got me bluffed, he said that if I didn't lay still and not move my head arraign that I would die. That's all it took because you couldn't have gotten me to move under any circumstances. After a short period of time I was fully mended and back to my old tricks.*

*Darrell Long*

*When I become 12 years of age I was ordained a Deacon by my father on April 11, 1951. Also at age of 12 I was introduced into the Boy Scouts of America Program. Little did I realize the impact this program would have on me in my later life? I had many great scout leaders. Among some of these were Jarl Empey, Arnell Summers, but the scoutmaster that I remember most was my Dad. My Dad was the scoutmaster that impressed me more than the others at a time when I needed*

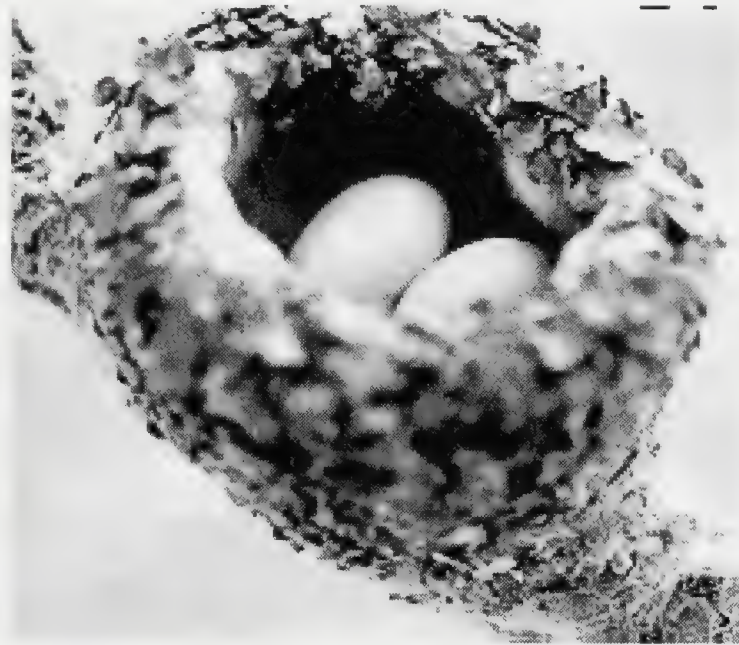

to be impressed. He used to take Les and me fishing in Teton Basin and many places in the out of doors. Perhaps all this private attention I received was because he felt a great need to become close to me. I often think that of all my brothers and sisters I caused my parents more concern because I did have a tendency to be prodigal. I remember my grandma Hymus saying that I was such a mean little bugger that I was surely doomed to end up in the penitentiary. My father helped, me through my scouting years and I was just a short distance from getting my Eagle Award when I lost interest. Later I did finish it up so I did become an Eagle Scout. Perhaps it is because of the untiring efforts of a good scoutmaster who loved and worked with me when I needed that extra attention is one of the reasons I see such a need to work as an adult scouter. If boys now are like I was then, there needs to be a good influence for them. In this small way, I may be able to repay my father for the time and effort that he spent trying to save this unworthy soul of mine.

During this time of my life I had a keen interest in the things of nature that were all about me. I took a special interest in birds because they were all over. I remember all the countless hours I used to spend on the banks of Sand Creek in May and June while the birds were nesting. The old slough by the old Goodson place was one of my favorite spots. Birds by the hundreds nested there. It was at this time I started my bird egg collection. Over the years I had approximately 50 different kinds of eggs. We would poke a pin in each end of the egg and blew out the inside and keep just the shell. Each egg – 50 different stories. Fifty stories are too many to tell here but I do remember lowering Leon Smith over a cliff in Rock Hollow to get a couple of Red Tailed Hawk eggs that had failed to hatch. The eggs were rotten, but we managed to save the eggshells and they were one of our

most prized eggs. Leon Smith also had an egg collection and we spent a lot of time together in pursuit of our hobby.

*Hummingbird nest size of 50 cent piece*

I use to go gadding around all over town without asking, and mom and dad told me if I didn't learn to stay home that I would have to be punished. Well, the threat of punishment wasn't enough to scare I guess. One day when I came home from one of my little trips around the neighborhood, I found mom and dad meant business. They said they were going to put me on the cow's chain and chain me to the clothesline post. This sounded like a lot of fun, so I really went along with it. It was fun for a while, but after I found I couldn't get loose the fun wore off and I learned the intended lesson. I don't want any one to think my parents were cruel, because they weren't. I was just the type that had to have a little more stern measure that other people did.

When I became 14 years old I was ordained to be a teacher on May 2, 1953. By my father. About this same time I became aware that my father was ill with some sort of a disease that I couldn't even pronounce let alone understand. It did make quite a change in my life as well as it did

his. He had to quit doing work that required a lot of physical exertion. He started working for the school district as a janitor and also he drove bus. In the evenings when I would get out the school bus I would help mom and the rest of the kids and we would do the sweeping and have that part soon pretty well by the time dad would get home from his bus run.

Also, when I was around this age I started Jr. High School, although still living in Ammon we were bussed to Ucon to go to school. Because we had a new consolidated School Dist. # 93.

It was there in the 7<sup>th</sup> grade I first met Sharon Andrus. She was much taller than I was and we shared very little in common at that time. Her being taller than me really didn't make much difference because there weren't very many girls who weren't taller than me and at that age there weren't any boys that were shorter than I. All through my grade school I was the shortest and runttest kid in my class. I guess what I lack in size I made up for in meanness. Being small means you get left out of a lot of things. You are always the last one to be chosen when the sides choose up and are never allowed to be included with the so - called "in - crowd." I guess it was that old sense of being needed, but I used to hang around the fringe of acceptability and always hoping things would change. Well things didn't change for a few years after that. In the ninth grade I went out for football resolved to give it all I had, but my 85 lBs. Wasn't enough. I couldn't run fast, throw hard, or do any of those things that make a good ball player. The last game of the season came around and I still hadn't got a chance to get into a single game. We were playing Shelley, at Shelley and I just knew that the coach would let every one have a chance to play. The last quarter came around and still I sit on the bench.

*Finally he stood up and asked if there was anyone who hadn't played that year and I jumped up and was ready to go. He said to get in there then and give it a go. All season long I had planned what I was going to do if and when I got the chance. I ran out on the field ready and willing to take on the whole Shelly team. Boy, somebody had better look out. I got to the huddle and waited for the quarterback to call the play. And while there it happened. Bang! It was the final gun ending the ball game. I felt awfully depressed as we went home from the game but it made me realize that as small as I was I couldn't expect to compete in Athletics and be successful too. This ended my career as a high school athlete. I decided to stick to my trumpet and playing in the band where size didn't make that much of a difference.*

*At age sixteen I was ordained to a Priest by my father and it was more evident that his illness was taking its toll. By this time I was aware that it would be the death of him sooner or later because it was incurable. I guess I didn't know how sick he was because he would never let on to us kids how sick he really was. Even though he was ill he would play basketball in the driveway with Les and me before he went away to school. Some of my very fondest memories of my father are of those ball games. I know he let us win most of the time, but it made us feel good that we could beat dad in basketball. Mom would get awfully upset with him when he would play because it would make him all the more sick, But he would never turn us down when we asked him for a game. I often wondered how dad felt, knowing that he was going to die.*

*He had faced the possibility of dying and leaving his family before when he was drafted into the army in World War II, at the age of 32 with a young wife and several children to be left at home. It must have been different knowing that there were no odds of getting out of this one.*

*The last year before my father's death was very painful for him and he was in and out of the hospital several times. The last time he knew that there was nothing they could do for him and he didn't want to get the family into more financial problems than they were already in. Finally the Bishop came and told him things would be OK and for him to get to the hospital. The last few weeks we children weren't allowed to visit him he was in so much pain. Mom said we should remember him as he was not as he was dying. Tuesday night I came home from M I A and Mom was at the hospital. I was met at the door by my sister Maxine and Ann who were crying. I knew what had happened without being told. I don't remember where Gaylen was but I guess he was there. Grandma Hymas was with mom so I called Les in Provo and he was there before morning.*

*Dad even with his pain and problems he still showed a very deep concern for me and what was to become of me right to his death. I really didn't think that I was really all that bad, but I resolved not to let him down in his concern for me. Mom and the family tried to keep the janitor job and also stayed on with the school lunch. This meant that I would clean the boy's restroom at noon and between classes, as it needed it. Always before the janitor work that I had to do was done after school when no-one was around. It was very hard for me to get down on my knees in front of my schoolmates and scrub a toilet. There were those who made it miserable for me, but soon my foolish prides were swallowed up and it became a routine chore. Next page pictures one of the last my father Glenn Christensen Long had taken.*

*During my Jr. year at high school we had one of the biggest dances in the history of the school. I spent an awfully lot of time helping decorate for this dance and several other projects the class had. Danice Steel, one of the more popular girls, made the comment that she sure wished other class members would support the class with as much time as I had given then.*

*She had not forgotten because at the beginning of our senior year they had class elections. When the time came for nominate for class president, the name of Dick Hymus was put up and then she stood up and nominated me. I liked the idea of becoming Sr. Class President, but of all the people in the class I didn't want to run against it was Dick. Dick was one of the most popular boys in school. First chair trumpet player in band, well liked and he was accepted by all.*

*Nominations were closed after the two nominations were made and we were sent out of the room. I don't know what went on in there, but whatever it was it took an awful long time. Danice Steel must have been doing some awful hard campaigning on my behalf. After a while we were asked back into the room and my heart nearly stopped beating when I saw on the blackboard "Senior Class President - Darrell Long". I believe I cried on that occasion because I finally felt that I was accepted by my schoolmates.*

*It was a great and glorious year that followed. It was then that I started taking an interest in Sharon Andrus. We had a government class together and I would wink at her across the room. She would blush and pretend not to notice. We started dating a little and everyone knew that she*

*was my girl. We both took a history class from Norma Rathbun and the program that she was teaching from had a set form for its tests. Sharon had the class first period and I had it fourth, right after lunch. We would get together during lunch and she would tell me what questions were on the test. I think Sharon carried me half way through that year until one day I got a better grade on my test than she did and after that she wouldn't help me any more. I think all the teachers did and after that she wouldn't help me any more. I think all the teachers were aware of our affection for each other. Coach Ralph Hunter, Sharon was one of these office girls types up his tests. Shaaron was one of these office girls and whenever she did one for him he would count the copies and make sure he got the stencil back so Sharon wouldn't give a copy to me.*

*It was all done in fun, but even the teachers recognized my love for Sharon.*

*Dear old Bonneville High School, Bonneville County Idaho.*

*After we graduated from dear old Bonneville High School I got a job working at Idaho Steel Products Co. and Sharon went on to Ricks College. It didn't take me long to become very jealous of all those college boys dating her so I had to put a stop to all that.*

*The only way I could do that was to propose to her. I bought a ring (on time) and*

*Popped the question. She accepted and on June 18, 1958 we were married for all time and eternity at the Idaho Falls temple by President William Killpack.*

*We rented a small basement apartment near my work and after honeymooning in Yellowstone Park. We were all set to take up housekeeping. That is we had enough money left to turn on the lights. Well coming off Ashton Hill we got picked up for speeding, something like 84 mph in a 60-mph zone. There went our money to turn on the lights and we were faced with our first financial crisis. Pat Sharon's sister came to the rescue and lent us the money and we paid her back the next week. But to say the least, it was a frustrating experience.*

*A short time later we moved to a smaller and less expensive apartment on South Water in Idaho Falls. While we were living there we had our first baby daughter, Becky Gay. She was so sweet and special. I*

remembered Grandma Hymas would walk out to our place from the White Star Laundry, where she had worked so many years, just to bring Becky little gifts and things that she had crocheted. Some times she would come just to visit. Grandma's age was showing on her and she also had cancer but wasn't aware of it yet. This sweet little elderly lady that had become my second mother was slowly fading away. Finally her pain became so great that she went to see a doctor. He thought she had gal stones and advised surgery. During the operation they found that she was full of cancer so they just sewed her back up. Well she never returned from the hospital died just a very few days later never regaining consciousness.

Although Grandma Hymas very seldom went to church she was a very great woman. She had lived with us every since grandpa Hymus died was with mother when dad was gone to the war. She had helped mom and dad with the upbringing of our family. I know it would be extremely hard for mother without her.

We bought a house in Ammon and moved out there and lived there for almost 11 or 12 years. There was a lot of interesting and valued experiences happen to us there. All the rest of our children were born to us while living there. Natalie Fay, Nikki Mae, Andrea Kaye, Lovenia Rae, and finally our first son Kriston Glenn he was really special because after 5 girls he had to be special. I love each and every one of my daughters very much but I have always wanted a son. When Kriston was born I came home from the hospital that night and made a big sign that said, "It's a Boy" and put it across the front window. I think that if I could have afforded it I would have bought time on TV and announced it to the world. My scout troop knew how thrilled I was about it and so with the

help of some of their mothers they gave me, not Sharon, a baby shower. Not only was the regular troop there, but also a lot of the boys who were older now but at one time had been in my troop. It was a real nice occasion, and I think I cried with tears of gratitude.

. Also while living in Ammon I was put in as an assistant scoutmaster to Bob Chantrill. Bishop Terrell Bell was bishop then. As soon as the new church was completed they divided the ward and Bob was put in the other ward. For a short time I worked in the Sunday School Superintendency. One Sunday morning I was called in to the Bishop's office and was told that I was to be released and that they wanted me to be a Scoutmaster. At the time I felt I was being demoted. But after a while I found that that it was to be one of the greatest callings in my life. I served as Scoutmaster for more than ten years in the Ammon Second Ward under Bishop Moylen Young.

Bishop Bill Cox and Bishop Blaine Godfrey. Many of the boys I worked with are married with children of their own. Not all turned out good but most of them did. I still feel elated when one of them makes good and can't help feeling hurt along with those that get into trouble.

Also while living in Ammon I got my first taste of politics. Bill Laney, a city councilman, had moved away and I was called by the mayor, Reed Molen, and the rest of the city council to finish out his term of office. After that I ran for and was elected to a term of my own. I worked with men like Rowland Romrell, Harold Loveland, Devar Hammer, Dermont Ricks, and of course Mayor Molen, It was all very interesting work and I learned to love these men and respect them. However, I learned that a politician cannot please everyone so when my term was up I didn't seek reelection. I guess it was through this experience

*that I learned a bitter contempt for the career -type politicians who are so 2-faced about trying to please both sides of the issues that they make liars out of themselves. I developed a belief that a man who serves his community is doing a good job when he does not try to make a career out of politics, that it is the kind of a thing that every man should have the opportunity of doing just once.*

*I became interested in raising calves and needed a place to so this. We started looking around and finally found a small piece of ground in Taylor so we signed the papers and started building the barn and corrals; next came the house and the landscape. Although it has been a lot of work and sweat we are beginning to see some of the rewards of our efforts. We moved into the Jameston Ward and our new home on Thanksgiving Day 1970.*

*I was put in as an Assistant Scoutmaster to Darwin Matthews and also as Deacons Advisor. When the program changed. I as was put into the MIA Superintendency and also made Troop Committee Chairman. At the beginning of 1971 I was called to be the Chairman of the Training Committee for the entire Teton Peaks Council. I love my Boy Scout work and it means a great deal to me. Although when it takes up a lot of my time, my wife becomes less than enthusiastic about it.*

*Up to this point in my life I have had many opportunities to serve in many positions which is a direct promise given in my patriarchal blessing which says that I am natural born leader and that I would hold many opportunities to serve in many positions of leadership ability in the right manner in righteousness I will undoubtedly be \* making amendments to this*

- 
- In this year 1999 this history has been included into our Long Family Book. And not many amendments been added. Been added except this that Darrell and Sharon Long still live in

*history, but this is a brief part of the things that I consider important and have made my life what it is today. 1971.*

*Sharon Andrus Long*

*It was a sunny autumn day, October 22, 1939, I was born. The oldest child and first daughter to Garda Doman and Thomas Edgar Andrus . This took place at Rigby, Idaho in the Goody Maternity Home.*

*My first home I am told was a small, tidy trailer located east of Rigby in the Clark area. Here my father taught school and was a scoutmaster, while mother watched and worried over me as all good mothers do their first born.*

*One of my first memories is living in a house in Rigby on the Main Street. I liked to go to Aunt Emily's (Grandma Doman's sister) She was a large woman and would set me on her lap and read " Little Brown K O K O " stories for hours;; it seemed she never got tired. Outside of here house were soft little gray pussy willows. She talked to them and I really thought they could hear her. I have always felt a fondness for the pussy willow. It was from this house I was to skip off to Kindergarten with a little friend singing, " Jack B Nimble " while trying to miss the cracks in the sidewalk. I was also hit by a car while crossing a busy street while returning from a candy buying spree. I wasn't hurt much but was surely scared.*

*Soon after this my family was to move to Ucon where my mother and father were building a new house. This would be the home where I would live and love until my marriage. This is really the first time I can remember Patricia (Patti) my sister. She was my job to watch her and try to stay out of mischief. We were living in our new home even though it wasn't finished, so there were many "no -no's" and lots of mischief to stay out of. One day Patti got lost and everyone in the neighborhood was looking for her. I was surely scared because I was suppose to be been watching*

*her. Finally we found her at the top of the field riding on the tractor with Uncle Rulon Simmons.*

*I was to learn the value of work early. I remember feeding and watering hundreds of chickens, gathering, washing and packaging eggs, painting the chicken run and pulling a wagon or sled full of eggs to neighbors to sell. We had a large raspberry patch and Patti and I were to prune the dead wood out and tie up the new baring branches for harvest; this made them easier to pick. We always had a good large garden that we were expected to work and help harvest.*

*We had a large St. Bernard puppy given us by a cousin. We called him "Tiny" All the family loved him very much. He pulled us on the sled, in the milk cart, and any other rig we could dream up. He really loved us too. I think he'd have taken a leg off it he thought someone was going to harm one of us.*

*My first brother, David Doman Andrus, was born when I was six. Patti and I were so proud that he was a boy. Soon to follow were 2 more brothers, Thomas Dean and Donald Robert. Boy what messes these 3 cute little brothers could make. I did my share of growling at them, but wouldn't have traded them, for all of the world.*

*On Valentine Day when I was in the 5<sup>th</sup> grade I left the party at school to go home and bid on a stray horse that the county was auctioning off. My father told me if I could buy the horse for the price of the hay he had fed the stray, then I could have him. I was real scared, but wanted the horse very badly, the many people were bidding against me said \$ 20.00 and*

*I said 21.00 . He looked at me for a few seconds and said "Little girl, do you want that horse?" and I said "yes". He said, "You can have it." So "Boots" was my horse for many years. I sold eggs to buy his bridle. I loved him a lot.*

*I liked to drive the tractor and help in the fields. I guess I was the oldest and David was still too young, this became my lot to spend a good deal of time in the fields with my father, uncles and boy cousins. I learned to love the outside the smell of new mown hay, the feel of damp spring worked soil, the look and touch of pure gold as the grain poured from the combine into the truck for transfer. I loved the cool swims in the canal with all of the family in the evening after the sun had gone down, we would often play "kick the can", "stink base" and "no bears out tonight", And others. Always Daddy would play with us. Summer was my favorite time.*

*I was 10 years old when Don was born so I should say at this time something about my baptism. I was baptixed on "E" street in Idaho Falls, Idaho in the old Tabernacle Building by Alvin Ritchie on November 1, 1947. And confirmed by my father. Dad had just had a hernia operation and couldn't baptixe me. I liked going to Primary and Sunday School. My favorite memory is when mother was the primary chorister. A fond memory with my father was as a young girl around 10 - 12 years. We spent several days in Kelly canyon with the tractor and wagon to get corral poles and a large derrick boom for the hay derrick. He showed me lots of different flowers and names of bush and bird. It was so pretty and quiet. We would stop to eat by little streams. I never look at a can of tomatoes, pork and beans and a bag of "Grandmother's old fashioned*

ginger snaps" but what I think of those fun days at Kelly Canyon with Dad.

Dad built a vacation trailer and we had lots of fun as a family in that old trailer. The two trips I remember the best were when we went to Denver and Portland. At Denver the large open "Red Rock Theater" built on the side of a mountain, "Eliches Amusement Park" and the large zoo. We visited and stayed with Uncle Jim and Aunt Leona Doman. The trip to Portland was to visit Uncle Clair and Aunt Inex Tracy. It was the first time to see the ocean, Fisherman's Wharf in Seattle with clam chowder. The beauty of ferns and greens that grows right up next to the Hiway. At age 14 my brother Kay Le Grande was born on a lovely Easter day. I cried because he was a boy but felt so ashamed for having cried that I made him some bibs with his name on them. He was such a cute fat baby. Then Anne Louise was born the next year. She was bald as a billiard ball and so cute. I really did my share of spoiling her.

My family has always been a big part of my life, but I did have many good friends who influenced my life greatly. Probably the best friend I had in high school was Betty Rae Smith. She was a true friend and I loved her a lot.

*Bonneville High School on the corner of  
Iona and Lincoln Road. Bonneville County, Idaho.*

*High School at Bonneville holds many fond memories: operettas, dances, ball games, Ag Ball Queen, Student Body Secretary and "Miss Bonneville". The madrigals with Marcel Bird and marching with the Honeybees.*

*I went all through Jr. High School with a boy who would one day become my husband and eternal mate, Darrell Glenn Long. I remember standing a head taller than Darrell in 8<sup>th</sup> and 9<sup>th</sup> grades. I always thought he was cute but when he came back to school to start our Jr. Year of High School he must have grown a foot that summer.*

*Darrell Glenn Long*

*He was really something — so handsome and neat. I really wanted to date him. We didn't much until the spring before we graduated from High School. My brother Jimmy was born that winter before we graduated*

*and Darrell was so cute with him I remember thinking he would make a good father.*

*In the summer after I turned 16 I found a job as a fountain girl at Rays In and Out. Tam Grimmelt was the manager and was real good to me. I worked for him every summer and weekends when I was in collage. I also learned the cook's chord and did some work for him just after Darrell and I were married. I liked the job because I met so many of people.*

*After graduation from high school in May of 1957. I went to work for Browning Auto as a Secretary.*

*I worked for them about 6 months and then decided to go to Ricks College for the last two quarters.*

*Ricks College , Rexburg, Idaho*

*It was at college I learned a lot about life, a real appreciation for my parents and brothers and sisters. I had some real swell roommates: Drue Berrett, Illene Brown, Darlene Briggs and Althea Lectenberg. I*

*also had enough boy friends to convince myself and Darrell that we were really meant for each other.*

*So it was that we were blessed with an Eternal Marriage in the Idaho Falls Temple June 18, 1958*

*Darrell and I spent 3 days of fun in Yellowstone National Park. I caught the biggest fish. The cruise guide said that was a poor way to start married life. So I have been careful never to catch the biggest fish since.*

*Our first home was a basement apartment on East Crowley Street in Idaho Falls, Idaho. It had a cute little stove and fridge and no other furniture. We bought a little table and chairs set. Darrell's mom gave us his bed and chest and we were quite cozy. I worked for a short time cooking at Rays Drive In and Out then went to work for Don Oler, manager of Broadway Finance as a Secretary. This job lasted until our first child was born. This work experience proved very beneficial to Darrell*

*and I in the financial planning and operating we would encounter in years to come.*

*In February 1959 we moved to little duplex on South Water. It was less money and comfortable. While living there on April 10, 1959 our first child, Becky Gay was born. I will never forget when I first held her and realized she was really part of me. That Heavenly Father had entrusted her to Darrell and I to raise righteously so she could return to him. It was scary and I knew I loved her very much. This special feeling of partnership with Heavenly Father I would feel five more times as each of our six children were born.*

*In September of 1959 we bought our first home on Avocet in Ammon. It was a frame white house and had so many things we could do to make it just right. We planted lawn, lilacs, bushes, shrubs, many different flowers and had a lovely yard. In the eleven years we lived in this house we would paint a lot, buy new carpet and drapes for front room and oh how lovely we thought it was. We had fun finishing our basement. I would put the children to bed and Darrell and I would work each night until 11 or 12 o'clock. We have always liked to do things together. Darrell is real handy with fixing and making things. I don't know of anything he can't do and he was always doing something to make things more homey and comfortable for us.*

*To this little white frame home we brought home 5 lovely children; each was born in the Idaho Falls L.D.S. hospital. Each child is very special and adds much to our family unit. Natalie Fay was born April 25, 1960. Nikki Mae came September 11, 1961.*

*Andrea Kaye, our "Little Irish Charmer". Was born March 17, 1964. Then our fifth little daughter Lovenia Rae came to us on February 19, 1968. On August 8, 1970 our first son, Kristan Glenn was born.*

*In November of 1961 my mother gave birth to a sweet special baby sister. She was named Julie Marie Andrus. Her coming has helped in strengthening family ties and loves one for another. Julie is a Mongoloid child. (Downs syndrome). One of the special spirits in heaven who chose to come to earth with what we call a handicap. Indeed she "holds hands with God". She will be with him for all eternity. I hope I can live good enough to be where she is forever.*

*While living in Ammon I served various church positions: MIA chorister, Primary Chorister and teacher, Jr. Sunday school co-coordinator, chorister, organist, Homemaking discussions leader and Relief Society President for 2 years. I really enjoyed working in each of the positions in the church. Where I served was always the best place to be serving at the time. I gained a deeper testimony and knowledge of our Heavenly Father's love and plan for us in this life and the eternity to come. I also feel I have a much better understanding of the powers and privileges of the Priesthood. It was a choice experience to work close to the Bishopric and feel the heart beat of the ward.*

*Many life long friends and loved acquaintances were made in these 11 years of happy life in Ammon. Many cute, never to be forgotten things, like baby's first step, first tooth, smiles, cry's, joys of nature, new cars, boxes and sacks of groceries, bright eyes of innocent children learning of life, a*

*child's first prayers, watching for Grandma to stop after work, a new swing, opening Daddy's lunch box just in case he left something for them, a race around the block, etc.*

*One of the saddest and possibly hardest experiences of my life came also awhile living in Ammon. My brother David was taken in a tragic death. All of our family was deeply saddened. I would like to bear testimony that I know David lives, that he is doing the work he was called to do in heaven and that he can be found in the company of prophets of old and of loved ones who have passed on.*

*The little white Ammon house was truly a home. As our children kept growing and Darrell's interest in raising calves and need for land and animals became more apparent we started looking for a place to build a bigger home and have room for stock. We found the place we thought was right in the fall of 1968. We decided we would fast and pray and I would spend 2 weeks with my sister Patti in Pennsylvania and upon return we would have decided.*

*Right here I would like to say a little about my first trip east. Darrell gave me a red steer calf which we raised and sold to buy a train ticket for myself, Andrea who was 4 and Lovenia 8 months old. We rode 2 days and 1 night and arrived in Pittsburgh at 9:30 the next night. We met and saw a lot of different people. Andrea sang Primary songs to entertain and make many new friends. A Negro porter thought she was real cute, but when she told him his hands were dirty I would like to have died. He thought it was funny, thank goodness, I really enjoyed my visit with*

*Patti, Steve and their sweet family. We laughed, cried, gabbed, slept in and just enjoyed being together. I'm glad I could go.*

*Upon my return my husband and family really looked good to me. We had all missed each other and it was so good to be together again. There is nothing as wonderful as being with your own family. Darrell and I both felt good about buying the farm and venturing into our new dream. So plans progressed this way,*

*At this time I was called to be Relief Society President, a calling that was most terrifying, yet fulfilling and humbling. I was truly happy and very busy. I really learned it was to love people, to feel for them as we all should. Kristan was born just 9 months after all of this took place and I really called him a bonus from the Lord.*

*We built corrals and a barn on our ground first and it was fun, all of us working together. We hauled water each night from Ammon to Taylor to water the stock. This soon became a big job and in the fall of 1969 we started building our home. Darrell worked so hard. He did all of the plumbing, heating, and electrical work after he had been on the job all day. His mother, Hazel really helped me a lot as we undertook the job of painting and staining everything. It was fun and tiring, yet worth all of it. I sure appreciated all of the help Grandma Long gave me. She has been a real inspiration and support to me all of the years we have been married. I love her very much.*

*We moved in on Thanksgiving Day 19--. It was truly a dream house. Now came the months of trying to make it turn from a new*

house to a warm home. It's hard to see the painted walls get finger marks and seemingly careless abuse at first, but soon it all starts to be put in its place as only a material possession, far greater is the joy of a child's happy giggle, the romping and playing of a family together. When we first moved to the ward I was made a Mia Maid teacher in MIA. I was so frightened, but soon learned to love the girls very dearly. However, I was to serve here less than a year as I was called to be a Counselor in the Primary in August of 1971. This has been a hard calling, but I am growing through the experience. I have certainly learned to love many women and children I may never have known.

We have made many wonderful friendships in this new area. In the summer it is fun to walk with Darrell through the hay field or in the star light night to turn water. It's good to see the little heads bobbing through the fields of dandelions. The girls on the horse, a family bike ride, we are all happy.

*My family and I lived in a small comfortable home my parents built in Ammon, Idaho.*

*Ammon was a small town in which I grew up and went to school, and here I spent my boyhood.*

*The memories of my youth are now dim, but I remember spending a lot of time with my Dad as he drove a school bus and worked for the city of Ammon. My Dad had developed kidney disease died just before my eighth birthday. I still have many fond memories of the times I spent with*

him. Some of them include watering down the dusty roads in Ammon, or riding in the school bus over the foothills. My dad was a tremendous scouter, and as I look back on my boyhood days, I wish my dad had been by my side to help me through my scouting years.

As an adult scouter myself, and having the wonderful scouting moments with my own boy. I have often wished I could have enjoyed those same experiences with my dad.

My mother was a very strong lady. Mom had to dig down and raised our family on her own, with God's help, as Dad was called home on 23 October 1956. Mom worked for the school lunch program for a year or more. She later went to work for a television station KID-TV Idaho Falls, Idaho, as a film editor, where she would work until her death in 1979.

Life was pretty good for me as a boy growing up in Ammon. My two sisters kept me pretty well in line. When I started Bonneville High School, Ann had gone to BYU. So that left mom and me at home. I got a job at the Pillsbury Mills Elevator in Ammon when I was fifteen. I worked there until I was a senior in High School during the summer months.

I graduated from Bonneville High School Dist. #93, May 1967.

*Everything was going great, I got involved with motorcycles and girls and enjoyed it very much.*

*The next fall I enrolled at Ricks College.*

*Ricks College.*

*The Vietnam War was in full swing and only two missionaries per ward were allowed to go per year. At this time our wards mission quota was already filled. This made a mission seem very far away.*

*I got quite a wake-up call in late September of that year. Bishop Hansen called me into his office to call me on a mission. Another ward in the stake had a position available. Mom was scheduled to undergo surgery for Cancer, and I didn't feel like I could leave on a mission. Mom told me she would not undergo the surgery unless I went on my mission. I accepted the calling to the Netherlands Mission and went into the mission home on 8 January 1968. Mom underwent surgery that day and the Lord blessed us both. Mom got better and I spent two and one half, wonderful years in Holland.*

*Shortly after Jeffery was born we moved to our present home in Tona, Idaho.*

*After my four years with the Challenge Creamery I went to work for Idah Best Feeds Company. It was here; I worked the next twelve years of my life. Soon after I had started work at Idah Best, Stacie Long our third child was born, then Stephenie Long was born. Six, years later last but not least Rachelle Long was born. During those early years in Tona Nancy started to work in the school system and on a volunteer basis developed the Library at the Tona Elementary where she worked for a number of years. She eventually broke off from the Library and started a Pre School on*

*her own. She ran this school for many years in the basement of our home until she was able to move the school into Tona Elementary.*

*After working for Idah Best for a few years, it became Cenex, then Land O' Lakes, and I eventually found myself managing the place.*

*After working for the company for twelve years, I found myself in disagreement with my boss, and was forced to move on. At*

*this point in my life. I really grew up. I moved on to a couple of new jobs until I found myself a better job at the Idaho National Engineering Laboratory as a laborer. I have now upgraded in my job to an Equipment operator where I have supported my family for the past eight years.*

*Our children are doing well at this time in our lives. Jeff and Janae recently graduated from Utah State University. Janae will be teaching High School English this 1999 fall. Jeff just got married to Sarah Harker from Idaho Falls, Idaho and he is working at the INEEL. Stacy is working in Denver Colorado as a secretary in Real Estate. Stephenie is presently working at Idaho 8 TV as a Master Control Technician. Rachelle is ending her freshman year at Bonneville, and can't wait until the net three years are over. Nancy is still teaching Pre School, and I am still working at the INEEL, currently known as the INEEL.*

## CHRISTOPHER MERKLEY (1808)

*Christopher Merkley was born December 1808 in Williamsburg, Ontario, Canada. He worked on a farm until 1822. He was an apprentice shoemaker from 1822 to 1825. He was married in February of 1828 to Sarah Davis who was born at La Chute, Lower Canada. They had one child, a son named Nelson.*

*Christopher was a member of the Methodist Episcopal Church from 1822 to 1825. In 1837, Elder John E. Page taught Sarah and Christopher the Gospel and on July 27, 1837 they were baptized member of the Church of Jesus Christ of Later-Day Saints by Elder Page. Christopher believed in the principle of gathering and therefore, soon after his conversion he "settled up" his business and started for Missouri which was then the gathering place of the Saints.*

*He kept a journal and has left a detailed autobiography of his personal experiences. His autobiography is a string of exciting tales about extending assistance to other wherever and whenever he could, befriending and counseling with the prophet Joseph Smith and his brother Hyrum and many other church leaders of the day. He endured persecution, mob violence and misery, fulfilling several successful church missions including two back to Canada from Missouri, moving to Nauvoo and becoming a member of the Nauvoo Legion. He endured the loss of valued horses and wagons*

*and tracing the thief on an exciting chase through Indian Territory and frontier towns and immigration to the Salt Lake Valley.*

*The biography describes fighting Indians, building and losing modest fortunes through various enterprises meeting and marrying another wife Larissa Fairbanks and by her having eight more children. I also speaks of engaging in several occupations at various times including farmer, cattleman, shoemaker, soldier, transporter of goods, a hunter, a fisherman, a river raftsman, missionary, Missouri River ferry-man, lumberman, surveyor, carpenter and home builder, trader, merchant, cartographer, surveyor of the boundary between Utah Territory and California, guide, barber, army captain, land owner and landlord, store owner, ambrotypist (early photographer), Indian fighter, bee keeper, vapor bath owner and operator and lumber mill owner and operator.*

*One interesting account of Christopher's in his biography about Joseph Smith as follows:*

*On one afternoon after a conference at Quincy, Illinois Christopher was standing near the Prophet Joseph Smith when a brother approached Joseph and demanded money from him. The prophet replied to the man's demands by asking him where he thought the Prophet could have any money because he was just out of prison. The man increased his demands. The debt was*

apparently not the Prophet's but it belonged to another brother who had bought land from the demanding brother and the Prophet had guaranteed that debt. The Prophet indicated to the insistent fellow that he only had five dollars in his pockets and was willing to give the man four if that would help him. The man accepted this and the Prophet then went on his way. While he was walking another man approached the Prophet and advised that his sister would like to see. The Prophet went. She was sick and her friends had written to her from the East and had told her to return home of care and recuperation. She mentioned this to the Prophet and he ask her what she would really like to do. She said that she would of course rather stay with the Saints as long as she was no burden. The Prophet looked down at her and said, "Then stay, sister, and God bless you." With this statement he thrust his hand into his pocket, pulled out the remaining silver dollar and gave it to her. He then told the brother not to let her suffer. Christopher had been a witness to all of this and when the Prophet left Quincy on his way to Commerce which was later called Nauvoo, Illinois, he stopped at Lima, Illinois, which was where Christopher and Sarah Merkley had established their most recent residence. While he was in Lima, the Prophet Joseph met Christopher and in the course of his discussion with the Prophet Christopher asked him if he would "... take a little money." The Prophet Joseph said, according to Christopher's biography, "Yes brother Merkley, I am now on a journey of

*50 miles and I have not a dime in my pocket." Christopher then gave him a gold sovereign. The Prophet then, according to Christopher, took him by the hand and blessed him and said, "Brother Merkley, may you never want." According to Christopher, that prayer on his behalf was fulfilled and he never wanted for anything.*

*Nine years after Christopher Merkley arrived in the Salt Lake Valley, he heard of the plight of a young girl named Harissa Fairbanks. Harissa was the daughter of Amos Fairbanks and Mary Barth Fairbanks. She was twenty years old when she met Christopher Merkley and his wife Sarah. Harissa's mother had died on April 7, 1843 when Harissa was only four and a half years old. She was survived by Amos, Harissa and three other young children. Harissa was called on at a very young age to bear much of the family burden and struggled under difficult conditions. Christopher's wife Sarah encouraged Christopher to propose to Harissa and despite the fact that he was thirty years her senior; he accepted Sarah's encouragement and did ask for Harissa's hand. Because polygamy was practiced by many members of the LDS Church it did not seem at all extraordinary for Harissa to receive Christopher's proposal seriously. Harissa and Christopher were married in the office of President Brigham Young on January 17, 1858. Harissa came home to Christopher's house and made a fast and long lasting friendship*

*with Sarah. In Sarah, Harissa found the surrogate mother whom she had longed for since she had lost her own mother.*

*No greater epitaph for Christopher Merkley could be written than the last paragraph is his autobiography:*

*"I am now drawing near the age of the yellow leaf, being 79 years old, the eighteenth of December. I have nine children, twenty-two grandchildren and six great-grandchildren. I am still hale and hearty, and do not allow any young man to walk past me on the street. I have filled eight missions and baptized eighty-five persons. I have also served on several Indian campaigns with my company of minutemen. I have always paid my tithing from the days I was in Nauvoo. When the Temple in Nauvoo was begun, my team was the first to work hauling the earth from the basement. And now I am watching the events transpiring in these last days and fulfillment of ancient prophecy and of the words of the Savior, As well as the prophecies of the Prophet Joseph Smith. I hope to live t see the end of the present raid, and redemption of Zion."*

*From the comments in the Early LDS Membership data: 1. Christopher served a mission to Canada from 1841 to 1843. 2. He also served a mission to Humbolt from 1839 to 1840. Comments:*

# 21. In 1850, Christopher had a household of 9 and a real wealth of \$800. 2. In 1870, he had a household of 9, a real wealth of \$3000, and a personal wealth of \$1000. Comments: # 31. Christopher came to Utah, October 3, 1849 with the Enoch Reese Company. 2. He was a missionary eight times. 3. Christopher assisted in building the Nauvoo, Salt Lake, and Logan Temples. 4. He was a veteran of the Indian War.

Christopher Merkley died on the 2<sup>nd</sup> of May 1893 in Salt Lake City, Utah.

*I am Dennis Long; the date is Sep 19, 2000.*

*Christopher Merkley was my G, G, Grandfather and I have copied, and edited this history from the original text, The Biography of Alva Marion Merkley in possession of the Genealogical Library in Salt Lake City.*

*Grant tells of several incidents in his life that left a lasting impression. "*

*When I was a small boy one day at the ranch my father and others were tending to the horses and my curiosity was great I had been cautioned many times not to run behind the horses but for an instant I forgot my thought was to see better. I ran quickly behind the horses and the horse kick and it caught me on the jaw and really broke it good. It was a tremendous blow to me. I suffered much; it took many repairs to put my face back together. They wired my jaw together and took out a tooth or two so I could be fed with a tube. My mother could not take care of me. So my Dads sister Amelia Long Thornock (affectionately known as Aunt Millie) Cared for me lovingly. Without her skill and tender loving care I do not think I would have made it."*

*Amelia Ellen Long Thornock*

*Our mode of transportation was the buggy or wagon.*

*A precious Moment. "My dad was a water master and canal rider and he was going one day and I wanted to go. He said" No. " I started running after him down the side walk just a bawling and pleading. He stopped told my mom he would take me and put me in the buggy. Oh what joy it was to ride aside my Dad. We rode along the canal till we came to the Teton City Mercantile my dad went in and soon had returned with a nice bag of peppermint candy, which he gave to me. That was my special precious moment with my Dad, which were few. I was king for a day."*

*Grant's Dads death was really the ultimate blow of a family life not working well.*

*My mother Eugenie felt like she was out of bondage and wanted to be free she had done all she could do, all her assets*

*and bought her a Model T Ford and she and her friends went to Salt Lake City on a holiday, she just abandoned her five children. Left them to fend for themselves. The Hans Hansen family tried to help them. Hansen's lived across the street they were their Aunt and Uncle, their mothers sister. Frances stayed with the Hansen's and the 4 boys stayed at home alone and soon found the light bill was not paid so the electricity was turn off and they had to use candles. The taxes were not paid soon everything was gone.*

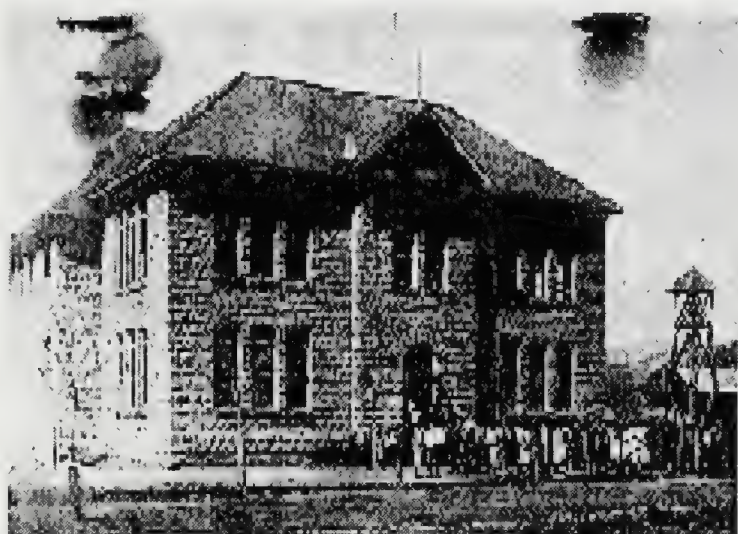

*It was a blessing that summer was coming. The boys tried to stay in school. They could survive with out cold weather. Soon they each were farmed out to someone who could take them to help at their homes for room and board. Much was expected and work was the watchword. (As Author here I want to commend these children for being valiant and courageous against many odds.) It was a marriage of convince kind of decided between her father and John.*

*The marriage really should have not occurred but it did and we are glad they are a part of this heritage and after knowing them we love them and know that it was Gods will to bring about this family's stay on earth.)*

*Grant first went to stay at the Huskinsons home. Often you hear Clifford say, "Evan was born Grown up he could do anything."*

*Grant went to Teton Basin to live with Martha and Elijah Tonks and He also worked for the Bagley's. He was provided a sheep camp for summer and an attic room for the winter months. He attended church at the Victor Ward and Victor High School where he attended the freshman and sophomore years.*

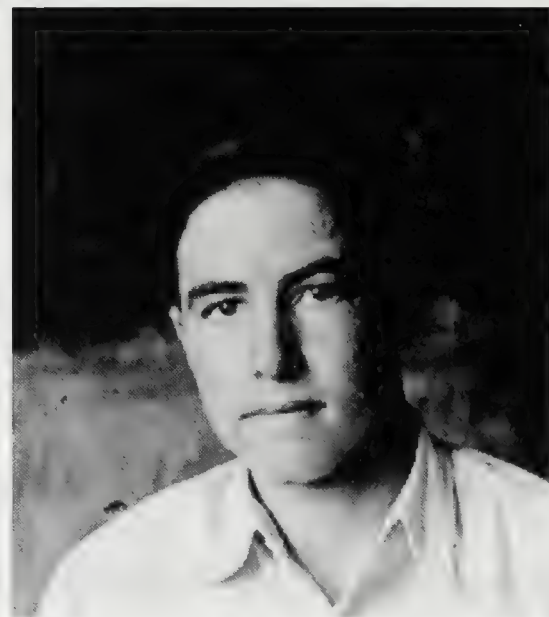

*Victor High School*

*Victor Ward Church*

*Martha and Elijah Tonks*

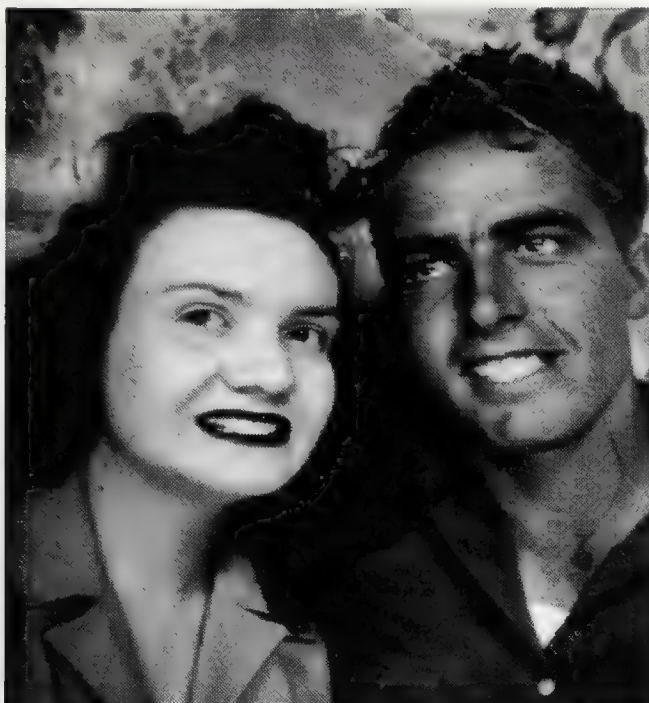

*Grant Virgin Long about 16*

*World War 2 was heating up and Grant would soon be old enough to join the Navy, which he did. The surprise attack at Pearl Harbor. Brought assignment in the Pacific.*

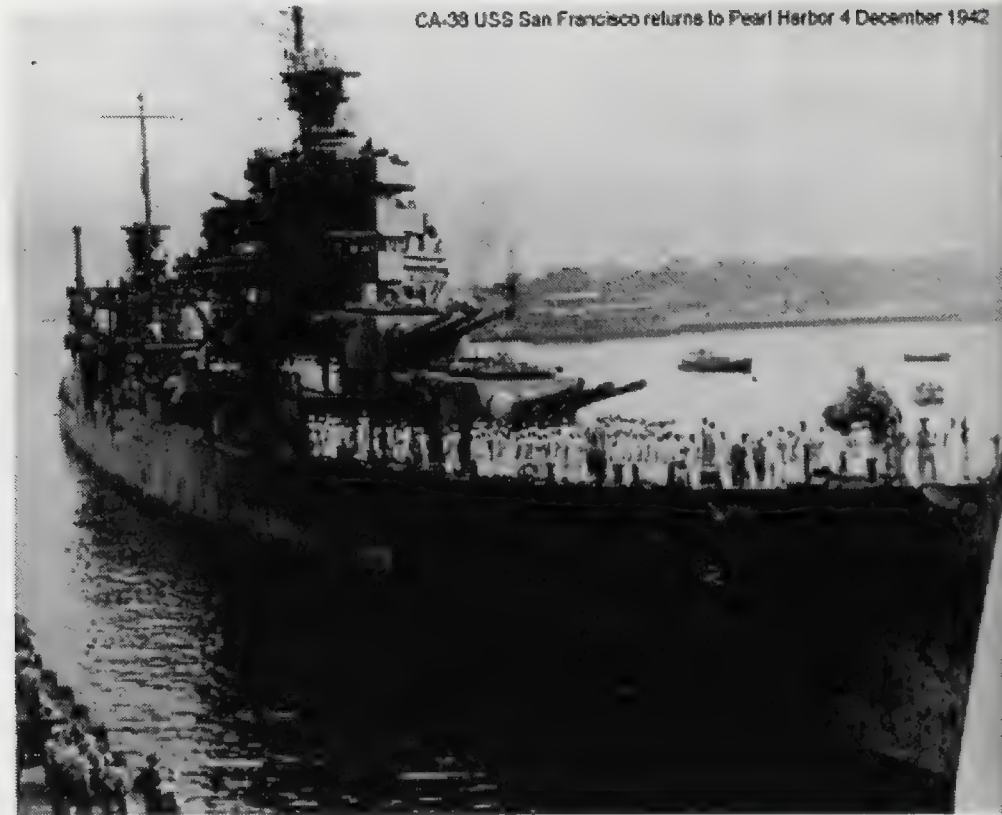

*For boot camp Grant was assigned to Destroyer School in San Diego Naval Base. Finished his training there less than a year. He came home on a furlough and went to eat at the local Hamberger Nickle Inn with his brother Clifford and Rex Hansen and there he saw the girl of his dream one of the waitress named Marjorie Flint of Rigby,*

*Idaho, who was working a second job in the evening. Grant visited with her and then dated her, it was not long before they were married they took a trip to Dillon, Beverhead, Montana, There they were married 27 July 1944, and he soon had to return to war. Leaving Marjorie waiting for that Sailor to return never knowing, waiting for a letter, the long sad lonely days of war.*

*Grant returned to base and was assigned to an Operations Heavy Cruiser the U. S. S. San Francisco and saw duty on this same ship for the duration. He saw combat all over the Pacific. Grant had exceptional good eyesight he had stereoscopic vision and was assigned to man the big telescope called the Range Finder, which was calibrated for all activities. (Radar took its place eventually.)*

*On one such historic battle. Grant's ship was engaged on the coast of Iwogema the big guns had been pounding the island all night and the Admiral ask him to find the Marine group who were to take Mt. Suribachi and raise the American flag on top. For the press.*

*He saw through the big telescope on the guns the men fighting their way up that mountain and planted that flag for all the world to see. Not much was mentioned about the men who got the job done to raise the flag, they had been killed by sniper fire. When dawn came there was the reality of it all. The big guns had pounded the shore and there in the bay were bodies and red with blood.*

*And to this day Grant still has the feeling that he was part of something that was horribly wrong.*

*So many of our family served during this horrible war and encountered and endured much for our country and freedom and we honor them. They made a difference.*

*Here the flag was proudly unfurled at the summit of Mt. Suribachi. It was a moving moment in history for all who saw it. Here is Mount Suribachi as it is today. It was the highest point on*

*the island and an important defense position, it was captured February 23, 1945.*

*Grant returned home after the war was over. Very weary of battle. What a happy reunion for those who returned.*

*Grant returned to live at Rigby where Marjorie had a home waiting for him. He got a job working for the Utah and Idaho Sugar Company factory at Lincoln. "settled down and soon began a family."*

*Their first born was a son 24 April 1947 born in Rigby, Jefferson, Idaho. We named him Ronald Grant Long.*

*Their second child a daughter we named her Coleen Long, she was born 27 July 1949.*

*Grant traveled back and forth for a time on the bus and then was given an opportunity to buy a home near the Lincoln factory. There our third child was born a preemie at Idaho Falls, Idaho. We named him Burke Russell Long.*

*Then the Korean Conflict was coming on and Grant was recalled to serve once again on the U. S. S. San Francisco as a replacement. The ship had had many casualties and was damaged bad at battle at the Coral Sea. He was there for 8 months. In 1954. He had had enough war.*

*He was able to secure his job with U and I Sugar again.*

*The U and I Sugar sent Grant to Moses Lake Washington, and then Garland, Utah. for a short time.*

*Then back to Moses Lake, Washington again. Grant had kept his property in Lincoln. He was to be moved back to Lincoln again. There the family remained. The children went to school and grew up in Lincoln, Idaho. All their children attended college.*

*Grant worked for the U and I Sugar Co. most of his adult life up until its closure in 1979. He went to work for the I N E & L sight. He worked as a pipe fitter for three year.*

*Grant and Marge had a real wedding when they went to the Idaho Falls Temple and took their three children and were sealed for all time and Eternity in the House of the Lord. 27 July 1954. Ten year later to the date and it was Coleen's 5th birthday. This day they became a Family Forever.*

*They moved back to Rigby where they retired and built a nice home at 143 South 3<sup>rd</sup> West Rigby, Idaho. 83442.*

*Grant was affiliated with the Boy Scout of America for Many years.*

*Clifford Virgin Long*

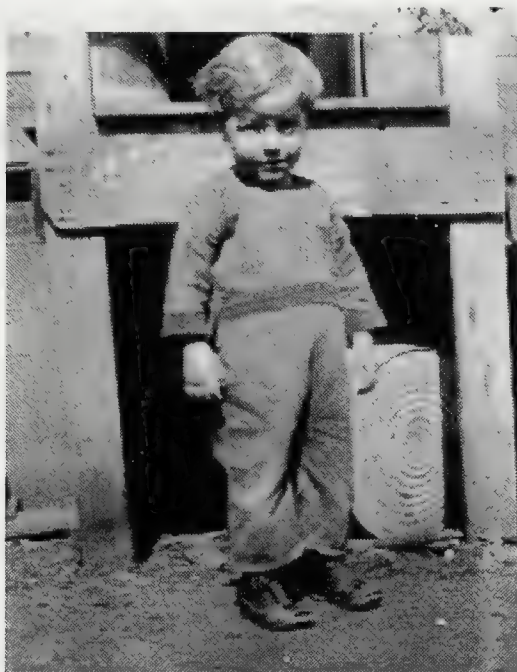

*Born: 18 June 1924 north west of Rexburg, Madison, Idaho at our farmhouse. My parent were Eugenie Virgin and John William Long.*

*Salt Lake Temple.*

*Eugenie Virgin was the second wife of John William Long  
Married 19 November 1913 in the Salt Lake Temple.*

*Clifford Virgin Long*

*I was the youngest of five children born to Eugenie Virgin and John William Long. At that time the family lived in a two-room house with a dirt roof and what they called a summer porch or kitchen that separated the main kitchen and the sleeping quarters.*

*My Dad was in the process of building a nice new brick home on the farm and the bricks were piled in the yard at the time of his death, it never was completed. We also had a five-room home in Rexburg on East Second North Street that the family lived in mostly in winter so they did not have to fight the bad roads and weather so much.*

*My Father John William Long had migrated from  
Bloomington, Bear Lake, Idaho. Via Lincoln,  
Lewisville, Jefferson, Idaho Then to Rexburg because he  
wanted his children to have a good education. The newly  
constructed Ricks Academy.*

*So with his first wife Mary Christensen and 10 children he  
came to live in Rexburg in 1906.*

*Martha, Clara, Royal, Seville, Pearl

*Mary died in April 15, 1913. Leaving John with a  
partly grown family with five young ones still at home Glenn*

*was 4, Ruby was 7, and Ellen was 11. Chrissie was 13, Martha was 15. Royal was 18. Seville was home but married, Pearl, Clara, and Estella were married and had homes of their own.*

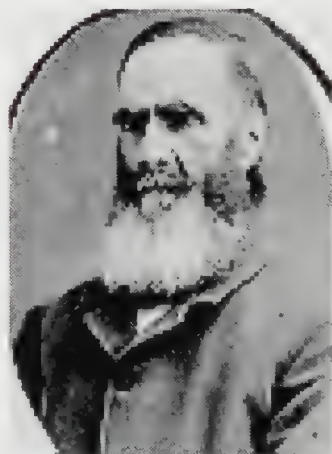

*My Dad lived neighbors to the Virgins. Who came from St. Charles, Bear Lake Valley about the same time as Dad did.*

*My dad farmed the fifty acres of ground on the home place and had a sixty acres pasture on the Teton River bottoms just south of the present location of the Rexburg cemetery.*

*After John's wife died Eugenie helped with the children. She was a hard worker and a good woman.*

*My father decided if Mr. Virgin and If Eugenie consented he would marry her.*

*My Dad's parents were Natives of England. Who migrated to Ogden where they met. They were married prior to their union.*

*Elizabeth Hart Holmes Emanuel Long*

*Emanuel Long was the son of John Long and Martha Hignal. He was born April 2, 1826. At Buxford, England. He was the first of our Longs to join the Church of Jesus Christ of Latter Day Saints in England. He migrated to America and came west as a young man.*

*Elizabeth Hart Married James Holmes in England and they accepted the gospel and migrated to America to St. Lewis with her brothers John and James Hart she had two little daughters with her Sarah Ann and Alice*

*Elizabeth Holmes. She became widowed shortly after arriving in America her husband died of disinterry and was buried in St. Louis. That left her destitute so she went to work on the poor debtors' farm. Mr. Brown let her bring her two little girls with her. She was a seamstress and Milliner. She sold all she had and saved so she could buy an ox team and wagon so she could ride to Utah. She came west with her brother James' company to Ogden, Utah there she met and married Emanuel Long.*

*6 January 1863. There Amelia, John were born. In 1865 moved to Bear Lake Valley with Brother Rich. And established the town of Bloomington, they had 3 boys and 1 girl of their own with Elisabeth's two girls*

*They had six children to raise. However Joseph Emanuel died shortly after birth and the five all grew to adulthood*

*Amelia, Levi, John Wm Long, Sarah Ann & Alice Elixabeth Holmes*

*John's mother took in other girls and raised them and also took care of her brothers' family when they became old and unable to care for themselves.*

I am attempting to write a short history of myself at the request of Melba Empey who has compiled a history of the Long family with the exception of the John W. Long/Eugenie Virgin family of which there were five members. I will for my immediate families write a more detailed account of the small things in my life that has shaped my character and outlook on life.

I was born north of Rexburg, Idaho in 1924 on June 18<sup>th</sup>. At that time the family lived in a two-room house with a dirt roof and what they called a summer porch or kitchen that separated the kitchen and the sleeping quarters. My father was in the process of constructing a new home on the farm but it was not yet finished at the time of his death. I also had a five-room house that the family lived in on second north in Rexburg during the winter months so his family could go to school without fighting the winter roads.

My father John Long had migrated from Bloomington, Idaho, via Louisville, Idaho. Where he wanted to educate his family at the newly constructed Ricks academy that had been started by the L.D.S. Church. His first wife Mary Christensen who had given him eleven children died leaving him with a partly grown family and four young children living at home or in school. He farmed fifty acres of ground on the home place and had a sixty-acre pasture

on the Teton River bottoms just south of the present location of the Rexburg cemetery.

A neighbor girl, daughter of a friend who had moved to the Rexburg area from St. Charles at the same time was to help out with the household chores and tend the young family. This was sometime in the early spring and they were married that fall. My mother's name was Eugenie Virgin and she had one daughter (Francis) and four boys by John Long myself being the youngest. I cannot recollect many things about my father because he passed away with stomach cancer when I was just short of three years old.

My mother had a great influence on my life. She was a very beautiful lady when she was young but even as she grew older she was regal in her carriage. I would not say that she had a great life. She married a man that was almost twice her age and some years after his death she married again mostly out of loneliness, this was not a happy marriage but she did have an additional son by him (Harry Jackson) her son was the pride of her life although his life choices were not the best. I do not remember her having more than a couple of dresses of her own because she choose to spend the clothing money on her children. Her friends were always the old and infirm those who need a friend as well as assistance. She had been taught well as a child and was true to her beliefs. I can remember her long fasts when one of the kids was sick. Because of the times she lived in, early pioneering of the farms, the death of her husband, her family to raise with only a fourth grade education, the depression years, the loss of her home due to

the inability to pay the taxes, her unsuccessful second marriage and her poor health seemed to take a heavy toll on her.

I had a great childhood with lots of good memories of my brothers and sisters and the good neighborhood that seemed to take care of each other. After my mother remarried I went to live for summer and part of a school year with one of my half sisters Seville Parker and her family in Bancroft, I left there in the late fall after starting school in Bancroft and went back to Rexburg to live with my mother. Grant and Mark were still at home but Evan and Francis had already to strike out on their own.

Francis had graduated from nurses training and was working at the veterans hospital in Boise when I finished the eighth grade and she found me a job working for a family by the name of Marsh who lived in Boise. He was a building contractor and his wife needed someone to drive her around and do chores, etc. They were very good to me and I lived with them for almost a year. I worked for my board and room and they seen that I had spending money, a place to live and put me in school at the old Franklin High school in Boise. I suffered from a bad case of homesickness and moved back to Rexburg. During my high school years I worked before and after school for Bill Fullmer at a clothing store called J. P. Croft Company. I had also a job at the Rexburg Home Bakery cleaning up and setting sponges for the Baker when they would come to work in the morning. For two summers I worked for one hundred dollars a summer plus my board and room for the

Parley Bagley family in Victor, Idaho. The great depression was winding down and times were getting easier, people were able to get jobs and I was able to live pretty well while going to high school, my cousin Rex Hansen and I had a model A. Ford coupe that made us pretty mobile for a couple of kids at the time.

In the early forties the Second World War was raging and all of the boys were expected and wanted to go into the military as soon as they could. I tried to join the navy because my brother Grant was already a seaman on the San Francisco which had been shot up pretty badly in the battle of the coral seas but I could not pass the physical for some very small problem with my kidneys. I was drafter in August of 1943 and went to Farragut Naval training station in northern Idaho for basic training. After boot camp I was sent to Bremerton, Washington for training as a pharmacist mate. From Bremerton we were sent to San Diego for additional training. From there I spent a few months at Port Hueneme, California. One of my half sisters Ruby Farnsworth and her husband Vaun lived in Glendale and would have their gas stamps so they could show my buddies and myself around San Francisco Bay to await transportation to the south Pacific. The ocean was a new experience for me and I loved it, we spent almost three weeks zig zagging across the Pacific Ocean to Brisbane, Australia. The navy had made a mistake and had sent ten to Australia instead of Guadalcanal where our base was supposed to be. I loved Australia; it was like turning the clock back fifty years when I was there. We were kind of lost because of no unit to be attached to and kind of

wandered around Australia before being sent by train across the country to Sidney. From Sidney we were put on a little TRANSPORT ship and sent across the Barrier with stops in Neumaia, New Caledonia and Tulagia before being dumped on the beach in Guadalcanal. This was exciting for a kid who had seen nothing but mountains and desserts in Idaho and now to see the deep rain forests of the south pacific. We were then sent north to a group of islands called the Solomons where we finally caught up with the First Marine division what we were attached to. Fleet Hospital was home then for almost two years where we took casualties from throughout the war zone that was all around us. I spent some time being the chief medical officer (seaman and second class pharmacist mate) on the San Juan, an antiaircraft cruiser. After the war was over we spent some wonderful months island hopping in the Pacific Ocean making sure that there were no Americans stranded or left behind on any unnamed or named atoll. Some of the natives had never seen a white man and they would come up to us and just want to touch our white skin that was now yellow from taking atabrin to stave off the malaria. In march of 1946 I was back in the United States at San Pedro naval base where I was given two weeks leave, I had expected to remain in the navy but on the second night home I saw my future wife Evadean and my plans changed. I was mustered out of the Navy the following month.

When I returned to Rexburg I got a job working at a service station and lived for a couple of months with a cousin who had also returned home from the war. This was short lived, as his sister got tired of doing our laundry and feeding us. I

had four hundred dollars waiting for me as part of the inheritance of my father's estate (the farm), which was sold when I reached twenty-one years old. I placed a down payment on an old house in Rexburg and lived in part of it while I tried to remodel. My future wife was still in high school and extremely popular with the boys. I had been introduced to her when she was in the eighth grade by her mother who lived in the Lincoln hotel as I did. You would not believe the change in her in the years I was away during the war. Long story short, I was able to convince her that I was the one. She worked after school at an Ice Cream parlor and I was then delivering fuel for a local oil company. We waited for her to get out of high school and we were married on June 4, 1947 in the Idaho FALLS temple. I had the kitchen partly finished and the bedroom upstairs, we had to flush the toilet with a bucket but we were happy as two kids could be.

In November of 1947 a friend offered me a service station in Ashton, Idaho. I had no money at the time and no car, Evadean had to have an appendectomy so we sold the car to pay for and we were both walking or riding our bikes to work. Jack Harper the friend said that if I would come to Ashton he would put forty-five dollars in the till and loan me one tank of gas for the station that I could pay him back for in the future. I hitch hiked to Ashton and found a small apartment on the ground floor of a small hotel for us to live in. The ceiling was so low that I had to duck to keep from breaking the light bulbs out with my head. Sometimes the noise from the pool hall next door made it difficult to sleep. Because of me working so much Evadean was alone a lot

and she would come down to the station just to break the monotony. We made lots of friends in Ashton so of which we still have a close relationship with. We found a small apartment with two rooms and a share the bath situation and lived one year there before moving into a very nice two room apartment with an older couple sharing the rest of the house. Sherry was born while living at the McCarthers in the St. Anthony hospital and we thought our life was complete. The work was hard but we were making progress and were able to buy a new car. In 1949 I won a contest for having the highest Gallonage station in the Utah Oil Company system for a two-pump station and got to go back to New York for the World Series.

We contracted to build a new house in the spring of 1950; it was all on one floor with a utility room, two bedrooms, kitchen, and a living room with a fireplace and a one-car garage. We were in seventh heaven and we were again blessed with a son Scott on Halloween day 1950. In September of 1951 I purchased a distributorship for Continental Baking Co. (Wonder Bread, Hostess cakes) and moved to Idaho Falls. I sold my service station to Tony Maupin in Ashton and the house was sold within two days; after we made the decision to move. We found a home that we liked on Beacon Drive in Idaho Falls and lived there for two years. Steve the second son was born eleven months after Scott and Evadean had her hands more than full with three small children and a husband that was always gone. I had a young man's syndrome that I could outwork any one and tried to do it. The business was growing and I wanted to add an additional route so we

again sold our home and moved out to Iona where we still live after a half dozen remodels. Michael John was born in April of 1957 and Daren our youngest in October 1962 making our family complete.

I had always been a religious person but not as active as I should have been in my younger years. I attribute beliefs to personal experience, the teaching of my mother my marriage covenant with my wife and trial error that have proved the guiding lights in my life. I taught the priest quorum of and on for the nineteen years and was made a bishops counselor under Bishop William Longhurst, I was Bishop of Iona Second Ward for six years with some able councilors Dick Lee and Max Storer. I was set apart as first counselor under Pres. McKay Gunthre in 1980 and served there for nine years (Iona Idaho Stake Presidency).

I have always felt that I was in good health but had had some major setbacks. A gastric resection for ulcers, appendectomy, a heart bypasses in 1989. In 1993 the doctors found a malignant melony on my arm that was removed but it had spread to my lymph nodes and the spleen, after two successful surgeries and two sets of chemotherapy I have been able to hold it at bay, right now the cancer seems to be in complete remission.

In 1978 I sold my business and went into the craft and floral supply business, before that I had acquired the distributorships for Frito Lay and Mother's cookies. The distributorships were housed in the Iona warehouse, on

Andersen Street in Idaho Falls and in the old Iona Mercantile building.

In 1983 I decided to run for a political Office that of County Commissioner in Idaho Falls, Bonneville County. I was elected on the first try and then reelected five times before retiring in 1998. The experience as commissioner was very rewarding for me. I made many friends and with the help of very good people was able to accomplish some good things.

All of our children are now married with children of their own. Sheryl Lynn is married and has six children and five grandchildren. Scott has two sons. Steven Grant has four children, Mike has six children and Daren has four.

I will attempt in the near future to do a more personal analysis of my memories and experiences that will give the next generation some perspective into the times that I lived.
